of North Carolina

## NCDOT Update 11-24-2020, (REVISED) TAB Meeting Summary, New Project Move Forward List

### Revised TAB Meeting Summary

In my update from 11-23-2020 there was a summary of the discussion during the TAB Meeting on November 18<sup>th</sup> with NCDOT leadership. The summary contained a reference to the original legislation for outsourcing goals by NCDOT and not the revised legislation NCDOT is operating within for outsourcing goals under its existing budget. [NCDOT is committed to the outsourcing goals outlined in NCGS 136-12.3.3 \(click here\).](#)

A Revised TAB Meeting Summary is included herein ([click here](#)). Please disregard the previous TAB Meeting Summary issued on 11-23-2020.

My apologies for any confusion/misconception the earlier report created.

---

### NCDOT releases updated "Project Move Forward List"

An updated PE list by division and by county is posted on the Project Management Connect Site [click here](#).

Please note that NCDOT has added to the list those projects that are to be centrally let in Fiscal Years 2022 and 2023 along with identified bridge projects.

---

Have a Safe and Happy Thanksgiving,

**James A. Smith, Jr., PE, Executive Director**
