

Hi, my name is Graciela Martinez, and I am honored to be one of the recipients of the Arizona Hispanic Chamber of Commerce scholarship. I am currently a senior in Barrett, The Honors College and W.P. Carey School of Business at Arizona State University, majoring in business data analytics and management. In addition to my double major, I am also pursuing a certificate in international business studies.

During my time at ASU, I have actively participated in various organizations, such as the Hispanic Business Students Association and Pathways for the Future. I've also had the privilege of studying abroad in Singapore and South Korea, broadening my horizons and enhancing my cultural awareness. Currently, I am interning with the chamber, where I have the privilege of being a part of the production team for *DATOS: The State of Arizona's Hispanic Market*. This role has deepened my understanding of the Hispanic community's impact on Arizona and the power of storytelling with data.

Looking ahead, I aspire to pursue a career in data science and possibly pursue graduate studies. I am immensely grateful for the Chamber's support in my educational journey and their unwavering dedication to serving and uplifting the Hispanic community.
