

Be a part of Inspiring our future workforce with

INSPIRE

Inspire motivates students to find their passion and pursue their occupational dreams within their own community, and you can be part of that vision! *Inspire* provides an opportunity for our local businesses and community members to play a strong role in shaping the future workforce in Solano County.

Inspire is a collaborative network that includes our local cities, chambers of commerce, businesses, government entities, public school districts, county offices of education, and workforce development agencies. Our mission unites this network of partners with the youth in our local schools to inspire dreams and help students develop a vision for pursuing their career goals.

You can be a part of this vision in two different ways!

Inspire: Dreams Start Now allows you to be a part of providing an interactive career exploration fair experience for thousands of 8th graders each year.

Inspire: Dreams Move Forward continues the exploration into future careers for 10th graders by allowing them to job shadow and go on industry tours at various businesses throughout the county.

This is your opportunity to be an influencer of the future - turn in your application today!
