

Electricity and Natural Gas Procurement

We Help You Buy Better and Buy Smarter

How confident are you that your energy provider always delivers the best value?

At World Kinect Energy Services, we will help you find the right choices that result in reliable, economic energy procurement. Our team of energy experts will work with you to evaluate your total energy requirements and implement a procurement plan that is tailored to your operation.

How do you know you are getting the best deal?

Your comprehensive energy sourcing plan is developed with your organization's goals in mind and aimed at decreasing risk and exposure to financial liability. Our Energy Experts work with multiple suppliers, ensuring that they are competing to provide you with the best pricing.

"World Kinect Energy Services helped us develop a strategy where we started hedging and layering our energy prices over two to three years. That has made a huge difference for us being able to balance our budget."

Kyle Miasek Finance Director City of Youngstown, OH

Customer Statistics:

35+ Years in Business

50+ Energy Products

200TWh Gas and Power Managed

PUBLICLY-TRADED IMS Operating Standards, CFTC Series 3 Certified

65,000+ Customers

We are here to take the burden off your shoulders by **managing the complex process** of moving your energy from where it is produced to where you need it.

ELECTRICITY PROCUREMENT

Maximize your savings on electricity by finding the right procurement solution regardless of your meter type and size. You can take your pick from a wide array of supply products that include fixed price, blended, index and pool options, from the broadest and most well-respected group of energy suppliers. Rest assured that we will help you make an informed decision, as our process evaluates the unique usage characteristics of your meter, including load factor, load shape, on-peak and off-peak usage patterns, transmission and capacity tags.

NATURAL GAS PROCUREMENT

Obtain better pricing through our diligent and transparent procurement method. You will have clear visibility to competitive bids from qualified potential natural gas suppliers that participate in our Request for Proposal (RFP) process. This approach also forces incumbent suppliers to adjust their pricing, credit, balancing, and other terms to more accurately reflect the ever-changing market. Whether you need tactical or strategic procurement solutions for your natural gas, we will work with you to ensure that we address your total energy spend with the best, most economical solution for your needs.

Our comprehensive procurement solutions include:

- Sourcing strategy
- Tariff analysis
- Price optimization
- Global network of solution providers
- Market index
- RFPs & contract development
- Load shape analysis
- Expert brokerage services

Ask yourself these questions:

- Do you think you are getting the best deal on your energy?
- How much of a hassle is it to deal with different meters, queries, and tariff changes?
- How many suppliers did you evaluate when you last switched supply?

The team at World Kinect Energy Services is here to help. With the global strength of a Fortune 100 company and the personal, local support needed to address your specific needs, we're uniquely positioned to be there when others are not. Contact us today.

World Kinect Energy Services is trusted by 65,000 customers worldwide. With 35 years of experience delivering more than 50 fuel and energy products on time and in full, we help you solve energy challenges. We are Everything Energy.
