Superintendent's Message

The mission of the Montgomery County Educational Service Center may seem simply stated but its weight in meaning is our backbone.

The mission, strengthening outcomes in education throughout Montgomery County and the region, relies on a divergent matrix of programs and personnel. We provide consistent support and high quality service while maintaining fiscal responsibility for our stakeholders.

The charts provided in this annual report illustrate the depth and breadth of the MCESC services provided to districts across the region through a cost effective delivery system. Our services are in demand, our commitment to education is clear and our resolve to support our districts with high quality support is in our collective DNA.

I want to thank every one of our MCESC team members for their commitment to service to educators and improvement of student lives throughout the region.

A handwritten signature in black ink that reads "Shannon". The script is fluid and cursive.

—Shannon M. Cox , Superintendent, 2020

Term Expires: Dec. 31, 2021

Joy Weaver

Home District: New Lebanon

Term Expires: Dec. 31, 2021

MISSION

Visionary Leaders Providing Exemplary Service

The A,B,Cs of the MCESC

The Montgomery County Educational Service Center provides an array of educational services to 16 public school districts in Montgomery County and over 90 educational entities in multiple counties across the Greater Dayton region.

The MCESC is supported by over 500 employees and interacts directly with over 800 employees in partner educational institutions.

The MCESC operates three separate learning facilities. We also provide a robust choice of related services directly to school districts and families throughout the region. Such services include occupational and physical therapies, speech, and vision.

The MCESC is also the home to Learn to Earn Dayton. Learn to Earn Dayton is dedicated to fostering the success of all Montgomery County children from birth until graduation from college or selection of a career. Tom Lasley, Ph.D., is now CEO Emeritus, while Kristina Scott is the new CEO.

Office of Administration and Operations

Rusty Clifford, Ph.D., Director
{ Rusty.Clifford@MCEsc.org }

The Office of Administration and Operations provide the following services:

SAFETY

The MCEsc has adopted the ALICE Training Institute's model for safety training. We have successfully met the requirements of the ALICE Training Institute's Certified organization program in active shooter response preparedness. All of the MCEsc facilities have a "buzz in" front door entrance. We regularly practice rapid dismissal and safety drills with our students. Safety protocols, processes, and procedures are continuously monitored and updated by building Safety Teams. We utilize a very extensive, high definition "camera system" to monitor our facilities. We have been extensively and thoroughly, cleaning and sanitizing all of our facilities due to the COVID-19 pandemic. We are Backing Up – staying six feet away from others – when and where possible. We are Masking Up – wearing a face covering over our nose and mouth. We are Washing Up – wetting our hands, getting soap, scrubbing, rinsing and drying.

ATTENDANCE OFFICERS

The MCEsc employs four attendance officers who provide attendance services for the following school districts in Montgomery County - Brookville, Jefferson, New Lebanon, Northmont, Valley View, and the Montgomery County ESC. We also provide attendance services to all school districts in Miami County.

CUSTODIAL

The MCEsc employs eight custodians who provide all of the custodial and cleaning services at Learning Centers East, West and North, Regional Center, SOITA, and Keowee Street.

MAINTENANCE

The MCEsc employs three maintenance staff who provide all of the upkeep, repair, and replacement of equipment and facilities at Learning Centers East, West and North, Regional Center, SOITA,

and Keowee Street. They also provide initial construction as needed. Our maintenance team is responsible for daily food service transportation to Learning Centers East and YPH (Youth Positive Health). They clear snow and salt parking lots at our facilities during the winter months. They are also responsible for mowing and maintaining 17 acres – which is inclusive of all MCESC sites. Through the utilization of Lean Six Sigma and our new budgeting process we have established the baseline square footage cost for all of our buildings: LC East - \$5.28, LC West - \$3.75, LC North - \$7.96, Keowee - \$13.18, and Regional Center - \$4.70. MCESC square footage = 307,451 with a cost per sq. foot = \$6.57. MCESC Total Operational Cost = \$2,021,374.77.

TECHNOLOGY

The MCESC employs five technology specialists – one located at Keowee Street, the Regional Center, Learning Center West, Learning Center North and one at Jefferson Township Local Schools. We provide purchasing advice, installation, inventory, and support services for over fourteen hundred desktop computers, notebooks, Chromebooks, and tablets and the associated internal networks that keep them connected to data from the outside world. The technology department provides services to end users such as: selecting appropriate hardware and software, ensuring that daily data backups are running correctly, and answering desktop user questions. We also provide all of the technology services for the Jefferson Township Local Schools.

FOOD SERVICE

The MCESC provides breakfast and lunch to all students at Learning Center East, West, North and YPH. Kettering City Schools prepares the food. All of our students receive a free breakfast and lunch.

TRANSPORTATION

School districts transport their own students to our Learning Centers. The MCESC may provide transportation services in an emergency and/or as needed basis.

CLIENT RELATIONSHIPS

The MCESC closely monitors and provides feedback to all of our clients regarding their contracts, billed services, and foundation payments. We continue to build user friendly, working relationships and partnerships with all of our more than 90 school districts in a 12 county area. The MCESC is the premier special education and related services provider in the State of Ohio.

COMMUNICATION

The MCESC employs two Communication Specialists. The MCESC Communication and PR Coordinator and Communication Specialist are located at our Keowee Street office. They are responsible for and/or support the following: internal and external communications, social media, website, media, virtual communication, and crisis communication. They also produce the MCESC Annual Report and extensive staff and project/initiative videos. We coordinate bi-monthly meetings of the County Communication Collaborative which is a group of Communication Specialists from across Montgomery County. We coordinate monthly meetings with the Dayton Area School Operations (DASO) which is a group of Business/Operations Managers from across the region. We coordinate weekly DDN "In Our Schools" Sunday and Friday submissions. We also coordinate the annual DBJ "State of the Schools" in December and "Focus on Education" in March.

WELLNESS

The MCESC Wellness (Mind, Body, Soul) Committee has accepted the challenge of inspiring all employees taking our insurance to participate in EPC Health Wellness Challenges and/or Workshops and promoting Wellness Committee activities throughout the school year.

Human Resources
Marion Stout, Director
{ Marion.Stout@MCESC.org }

TOTAL STAFF STATISTICS:

Male 21.50%, Female 78.50%
White 83.67%, Non-White 16.33%
*9.46 average years of experience

The primary goal of the Montgomery County Educational Service Center Human Resource Team is to focus on recruiting, hiring, and retaining the very best candidates. As Professional Human Capital Educators, we strive to develop human capital management systems, manage workforce planning, recruitment, hiring, placement, compensation, promotion, and professional development.

The quality of staff we place in districts across the Miami Valley is extremely important to us. Therefore, our staff is prepared with the knowledge, skills, and abilities necessary to positively impact every individual; in every classroom, in every school building, in every district within which the MCESC serves.

We are working to promote consistency and build engagement through branding and communication. We maximize the use of our data systems for continuous improvement in all areas impacting human capital in education.

We are Visionary Leaders Providing Exemplary Service! And... We serve, so students can be successful!

In 2020-21 the MCESC employed a total of 508 staff members. Of those 508, 5.9% had an Associate's degree, 25% had a Bachelor's degree, 41.5% had a Master's degree and 3% had a Doctorate degree.

Instructional Services

Candice Sears, Director

{ Candice.Sears@MCESC.org }

The Department of Instructional Services consists of Curriculum Supervision, Gifted Supervision, Western Ohio Service Collaborative Support, Professional Development Specialists, Workforce Development Services, The Dayton Regional STEM Center, AmeriCorps Reading Coordination, Federal Grants Management, and the MCESC Remote Learning Center. While our staff is thought of to be experts in their various fields, we are always learning new skills and content to meet the needs of our districts. Additionally, we continue to stay on top of state initiatives and best practices to provide high-quality training and professional development.

Our department continues to expand and enhance its robust menu of options in response to the state's Career Connection mandates. With the MCESC Business Advisory Council (BAC), which is in its fifth year, we are working to promote substantive collaboration between education and industry to prepare students for the workforce. The BAC is composed of school districts from multiple counties, industry and business professionals and continues to work diligently to meet the goals of our 2020 Joint Statement of Work. The Instructional Services coursework, "I Can Be Anything I Want To Be, A-Z," Employability Skills, Workforce Sector courses and Career Adventures courses provide a strong workforce foundation. MCESC introduced BAC partners to YouScience, which helps students match their interests and aptitudes to in-demand careers. Our Learn to Earn Dayton team, in partnership with The Dayton Metro Library and the Dayton Area Chamber of Commerce, hosted the annual Career Adventures camp for middle school students. Career Adventures camp participants spend a week experiencing regional workforce opportunities in manufacturing, construction, aerospace, science and the ever-growing medical field.

The 2020-21 school year brought many new opportunities to the world of education. The MCESC Instructional Services department was right alongside districts as each were navigating education during a pandemic. Support included the addition of remote teaching staff, remote tutoring, and professional development specific to blended, hybrid, personalized and online learning. The Instructional Services department was honored to have the opportunity to create and pilot the MCESC Remote Learning Center in the Spring of 2021 to support students needing a remote learning option due to Covid-19. Over 1600 students within Montgomery County were able to experience summer programming specific to identified priority areas developed by our educators and specialists.

The Montgomery County ESC provides cutting-edge gifted support to districts across the region. The MCESC supported districts in gifted education across seven counties. As the need for collaboration and support increases, MCESC is offering more customized services to districts including training and writing of written education plans and written acceleration plans, supporting districts in meeting the gifted indicator and support for student placement and scheduling. Communication and training in the form of informational meetings for parents of gifted children, professional development for teachers, online book studies, online courses and newsletters are additional options for districts as well. While the pandemic created a roadblock for many of the student events, the MCESC is excited to offer these opportunities in the 2021-2022 school year. Also growing out of gifted services is a joint effort with our STEM Center: The Rising Innovators

Experience. Rising Innovators aims to bring engineering design challenges and creativity infused science units to 2nd grade classrooms. As our gifted services continue to grow, we are looking forward to expanding more services to meet the needs of our region.

The Dayton Regional STEM Center finished its fourteenth year supporting STEM education across the Dayton region. The DRSC flagship program continues to be our nationally-recognized STEM Fellowship. Over 250 STEM Fellows have been trained in the 11 years of the program's existence. The Dayton Regional STEM Center received a

Department of Defense grant and was named one of only three STEM "hubs" in the country. As a "hub" the DRSC will work with program partners to enhance opportunities that attract, inspire and develop exceptional STEM talent across the education continuum. The Dayton Regional STEM Center, in partnership with the Dayton Engineering & Science Foundation, continues to host the revived Science Saturdays shows started by Charles Kettering. Each Science Saturdays show explores the wonderful world of science in an interactive show for school-age children and their families. The Dayton Regional STEM Center also continues to recognize local leadership, service and collaboration in the field of STEM Education through the STEM Excellence Awards. The awards honor the work of individuals and teams who have made distinctive contributions to the field of STEM Education. Likewise, the DRSC continues to provide materials, consultation and customized professional development to individual educational entities in both STEM and problem based learning (PBL).

Instructional Services is in our seventh year providing AmeriCorps Reading Tutor Coordination to Montgomery County districts. This opportunity assisted districts in providing reading and math instruction to K-3 students in an intentional attempt to keep students from being retained in the third grade under state mandates. These services expanded into a summer tutoring opportunity to accelerate the learning for students.

MCESC is a member of the Western Ohio Service Collaborative (WOSC), a partnership among six county ESCs, to enhance professional development available to all schools and districts. The premise of WOSC is that by sharing training resources, including trainers, areas of expertise and facilities, we strengthen all professional development opportunities. MCESC's Candice Sears serves as the Director of WOSC, and MCESC staff facilitate numerous PD sessions throughout the year. This year included an expansion of online and blended training options. The WOSC was tasked to create professional learning experiences for State Trainers within Ohio. The Instructional Service Department at MCESC is, like other departments, a very busy group of staff members. It is our joy and our privilege to support districts on behalf of the 65,000 students in Montgomery County, as well as the kids of Ohio in general.

MCESC Regional Center

Susan Gunnell, Director

The MCESC Regional Center works closely with school districts across the Miami Valley, providing cost-effective programs and services to children with disabilities.

REGIONAL CENTER SERVICES PROVIDED BY:

Assessment Team	Occupational Therapists
Audiology/Hearing Intervention	Physical Therapists
Autism Coaching Team	Region 10 State Support Team
Orientation and Mobility Specialists	Speech/Language Pathologists
Teacher of the Visually Impaired	Family/School Consultant

Specially trained staff provides support for students with impairments in communication, vision, hearing, and orientation and mobility, as well as those needing occupational and physical therapy.

Additionally, the Regional Center can assist with the identification of children in need of special services as well as with the development and implementation of the services they need. The staff works closely with students, their parents, and school districts to maximize opportunities for students to be successful.

Thirteen Vision Intervention and Orientation and Mobility specialists provide services to students ages 3-21 who are blind or visually impaired. Teachers of the Visually Impaired (TVI) assist in providing teaching strategies, determining best learning media such as print, Braille, or large print and provide information to parents and staff. The TVI can also provide information on assistive technology that help a student access their curriculum. Orientation and Mobility instruction teaches the skills needed to safely move within school, home and community.

Eighteen Speech/Language Pathologists work with students in MCESC Learning Centers and Preschool Hearing Impaired classes. They also provide speech/language services to several districts and community schools served by the MCESC Regional Center. The MCESC also provides supervision for speech/language pathologist completing their supervised professional experience and can also provide customized professional development.

Eight members of the Hearing Intervention team provide services to students ages 3-21 who are deaf or hard of hearing. Teachers of the Deaf (TOD) provide direct instruction and consultation services. Educational Audiologists perform audiological evaluations in order to determine the range, nature and degree of hearing loss and address need for amplification. Auditory Therapists and Speech Language Pathologists provide direct services as well as diagnostic, instructional and consultative services. They promote spoken language development to deaf or hard of hearing students.

The Family/School Consultant provides technical assistance, support and information to professionals and parents regarding special education in the five county region.

Program	# of Districts Served	# of Counties Served	# of Students or Families Served
Family/School Consultant	28	5	59
Hearing Intervention	62	13	292
Vision Intervention	49	10	195
Autism and Low Incidence Coaching Team	36	5	231
Educational Assessment Team	43	5	224

Educational Assessment Team (EAT)

The MCESC Educational Assessment Team (EAT) serves school districts in Clark, Darke, Miami, Montgomery, and Preble Counties. The team is comprised of psychologists (2 FTE), an audiologist (1 FTE), one teacher of the visually impaired (.5 FTE), an orientation and mobility specialist (.5 FTE), and a speech and language pathologist (1 FTE) with expertise in augmentative communication and assistive technology. A variety of specialized evaluations are available to districts as are consultations and technical assistance for special education compliance.

Services available to districts who are members per the annual consortium fee:

- Vision Assessments
- Orientation and Mobility Assessments
- Hearing and Functional Listening Assessments
- Auditory Processing Evaluations including consultation and review of private provider testing and recommendations
- Specialized Language and Communication Assessments including assistive technology and augmentative communication evaluations
- Comprehensive Autism Evaluations
- Assistance with re-evaluations including record review of reports from private physicians and/or providers
- Consultation on and Assistance with the Functional Behavior Process (FBA) and Behavior Intervention Planning (BIP)
- Technical Assistance including training on special education topics and intervention planning
- Technical Assistance with questions related to Section 504
- Access to borrowing specialized assessments and augmentative communication equipment

The Educational Assessment Team is frequently chosen for their specialized knowledge and expertise, the comprehensive nature of their evaluation(s) and the instructional recommendations for school personnel to consider. Specifically, the collaboration provided during the evaluation planning process, the quality of completed assessments and the follow-up of an in-district meeting to share assessment results are unique to the MCESC-EAT individualized services.

For the 2020-2021 school year, 233 evaluations were completed including 430 school visits (including virtual/remote) across the five county region.

Completed evaluations comprised individual and/or combinations of:

- Vision assessments

Augmentative communication/
assistive technology evaluations

Orientation and mobility assessments
- 50 hearing and 6 auditory processing evaluations

32 autism assessments

5 other evaluations

11 Independent Education Evaluations (IEEs)

*Three Individual Education Evaluations were completed during the 2020-21 school year. Outside agency fees for such evaluations range from \$500 per individual area to upwards of \$2500 for complete evaluations.

Educational Assessment Team

2020-21 Service	# of LEAs Served	# of Individual Technical Assessments	Estimated # of Teachers Impacted	Estimated # of Families Impacted
Assessment	43	130	784	224

	Total # of Offerings	Estimated # of Attendees
Assessment (EAT)	3	350

As a service to our district members, MCESC-EAT offers access to borrowing specialized assessment including Spanish versions of tests and augmentative communication equipment/software that are often expensive for school districts to purchase if infrequently used. For the 2020-21 school year, items were borrowed by speech language pathologists, school psychologists, occupational therapists and audiologists, saving districts \$500-\$15,000 dollars per item loaned.

Autism and Low Incidence Coaching Team (ACT)

During the 2020-2021 school year, the Autism and Low Incidence Coaching Team (ACT) provided services to 43 participating school districts across five counties including Clark, Darke, Miami, Montgomery and Preble. The ACT team is comprised of a communication/assistive technology specialist, a sensory/motor specialist, and a classroom/instructional specialist all who are also certified as Autism Specialists. The ACT service model included high-quality professional development along with job embedded coaching on evidence-based practice to build the capacity of educational teams serving students with autism and/or other complex disabilities.

Despite COVID-19 challenges, ACT adapted and innovated new strategies to support school districts.

Students Impacted	In-District Visits	Virtual Coaching	Individualized Intervention Tools & Assessments	Training Attendees
231	100	1246	66	621

The A-LIST is comprised of a regional network of select professionals who exhibit "best practices" in serving the needs of students who have autism or other complex, low incidence disabilities, added 7 new educators totals 99 A-LIST educators.

Additionally ACT stays 'connected' to the districts they serve through a number of social media platforms. With over 270 blog posts highlighting regional educators and classrooms. A true community of learners!

**Occupational Therapy (OT)
Physical Therapy (PT)**
Cheryl Vanhooose, Director
{ Cheryl.Vanhooose@MCESC.org }

Highlight 2020-2021

The OT/PT Department was not able to do an official survey this year. The numbers from our most recent departmental survey indicated that the average score for therapists was 4.82/5.0. Last year 71 OTs and PTs delivered services to 45 districts. The OT/PT initial staff meeting was held at the MCESC Learning Center North auditorium in a socially distanced fashion. Service delivery this year was a blend of remote and in-person learning. The department was awarded a grant to trial the Augment Therapy program. This is interactive software that uses the medium of augmented reality to engage children in their OT and PT activities when in a remote setting.

# of LEAs Served (Includes Community Schools)	# of Buildings Served	# of Students Served By Receiving Ongoing Therapy—By Discipline		OT/PT Combined Total Students Served Directly	Estimated # of Families/ Professionals Impacted
45 districts	179	OT: 2,609	PT: 1,150	3,759	~5,000

Samples of Professional Development Offered By/Through the OT/PT Department:

- **"Speed Training" sessions** were offered in a virtual fashion. This was to maximize knowledge gained from our staff members attending specialized continuing education courses in a safe format.
- **All OT/PT staff were certified** in First Aid and Cardio-Pulmonary Resuscitation (CPR) by the American Heart Association in 3 trainings offered in October of 2020.
- **Highlights of the OT/PT Opening Day** at Learning Center North included 5 of the OT/PT staff members sharing their ideas related to the remote learning process. The day also included training from Dr. James Rowley, who helped the group to bring elements of *Modern Teacher*. The day was filled with elements of integration and collaboration with staff members finding new ways to ensure remote learning opportunities were maximized and student-therapy goals were met.
- **OT/PT Supervisors provided** 4 Crisis Prevention and Intervention (CPI) training opportunities for all OT/PT staff members.
- **The OT/PT Department Director** and two staff members worked to coordinate the delivery of the 3rd Annual School Based Practitioner's (Virtual Summit) in conjunction with Ohio School Health Services Association (OSHS).

University Supports for School-Based Therapy Services:

- **OT/PT continues to provide** clinical affiliations with 13 universities/community colleges in an effort to educate students about the unique field of pediatric school-based practice.
- **There were 21 contractual affiliations for OT/PT/OTA/PTA students.** The schools represented included University of Dayton, Kettering College, University of Findlay, Shawnee State, Rhodes State College, Andrews University (Michigan) and Sinclair Community College.

Ongoing Representation and Leadership by the OT/PT Department on University/College Advisory Boards and University Adjunct Faculty:

- **MCESC OT/PT Director and the PT Supervisor** continue to serve as adjunct faculty for the University of Dayton (UD), Doctor of Physical Therapy Program. This year labs continued with eye protection, masks and social distancing.
- **Eight other OTs and PTs** participated in pediatric equipment labs and student tutorials held at the MCESC Regional Center.

Office of Student Programs

Will Coutts, Director

{ William.Coutts@MCESC.org }

The Office of Student Programs provides a variety of direct classroom services to prepare students to meet academic, social, cultural, civic, and employment needs. The Montgomery County ESC Learning Centers specialize in teaching children who have an Individualized Education Plan and are struggling to succeed in their home school with an emphasis on self-advocacy, independence, and life skills. Learning center programs served children from Montgomery and surrounding counties in grades K-12, up to age 22. Each student's educational program is designed to provide an opportunity for independence as an adult. The program for students with multiple disabilities (MD) served 148 students during the school year in 22 classrooms. The program for students with emotional disabilities (ED) served 174 students in 19 classrooms. Intervention Specialists and Educational Assistants also worked with students at South Community's Youth Positive Health (YPH), Changes Becket Springs, The Village Network (TVN), and NewPath Child and Family Solutions day treatment programs.

Student community activities included several experiences with the fine arts as well as volunteer work activities at various internal sites. Such experiences help students to learn the independent living skills necessary to participate in social settings. Highlights of the year included a remote version of our annual talent show, participation in local art contests, and in-person graduating senior celebrations.

Career planning services focused on remote and virtual community training locations including real stores, restaurants, hospitals, and service companies. Emphasis was placed on developing the skills necessary for the workplace and independent living.

The MCESC Early Childhood Program is unique. The Deaf and Hard of Hearing (DHH) classroom is designed for preschool-age children who are deaf or hard of hearing to maximize language growth for students in their chosen method of communication.

Program	Total	Female	%	Male	%	White	%	Non-white	%

Social Emotional Learning Division (SEL)

Jessica Davies, Director

{ Jessica.Davies@MCESC.org }

The Social-Emotional Learning Division of the MCESC supports school districts with implementing multi-tiered, whole-child-focused initiatives supporting the mental wellness of students, staff, families, and school communities. This includes integrating comprehensive mental health systems into current MTSS systems including supporting the creation of truly trauma-Informed SEL learning environments, increasing and improving the use of evidence-based prevention practices, as well as a large focus on building resilience in staff so they can best support our students. Our team of approximately 50 specialists with various expertise work closely with school districts to help support development, implementation, evaluation and sustainability planning for continuous improvement in these whole-child/mental wellness efforts.

Our SEL Division consists of approximately 50 specialists that have various expertise. The MCESC Social Emotional Learning Services Division has several departments including: Professional Development, focused on creating trauma-informed social-emotional learning environments (including traditional PD, SEL Consultants working in districts, and coaching); Comprehensive Prevention Programming including a partnership with the local MCADAMHS Board to increase prevention programming in our schools (Schools of Excellence in Prevention) and one of the largest implementation of the PAX Good Behavior game in the state; SELLA, the MCESC's Social Emotional Learning/English Language Arts K-6 Integrated Curriculum developed in partnership with Singer/Songwriter and Wellness Activist, Jewel, School Psychologists with a specialized focus on SEL and Trauma Informed practices, and we are also supporting the MCESC NM Preschool, a new Trauma-Informed SEL Preschool in partnership with Dr. Bruce Perry and The Village Network, with a goal of serving students with trauma and related social-emotional needs common in children who are in foster/kinship care and or newly adopted.

MCESC SEL team members also presented at several state conferences and national conferences, and work collaboratively with CASEL and Dr. Bruce Perry on a regular basis. We are excited about advancing our partnerships and our current programming to increase the span and effectiveness of this work in our county, region, state and nation.

Montgomery County Strategic Plan 2020-2021

- **Our Mission** – Visionary Leaders Providing Exemplary Service
- **Our Core Values** – Integrity, Innovation, Communication, Collaboration, Diversity, Wellness
- **Our Purpose** – We serve, so students can be successful

STRATEGIC GOALS

STRATEGIC GOAL A

Address Current and Future Social, Emotional, and Academic Needs of Students

Key Decisions and Actions (14) with 33 measures:

1. Decrease in seclusions, restraints, and suspensions
2. Utilize the DLT/BLT/SBT process to provide clear communication
3. Obtain staff attendance rate of 95% per quarter
4. Expand the SEL/Trauma Informed products and services
5. Engage new mental health partners in creating Intensive Day Treatment programs
6. Develop, market, and implement SEL (SELLA) curriculum for Grades K-6
7. Serve a growing number of students, staff, and parents each year through the Prevention Education Team
8. Increase the number of districts participating in the Schools of Excellence in Prevention Program
9. Support current PAX schools and increase the number of PAX schools
10. Increase and support the number of school psychologists and psych assistants
11. Build and develop a trauma sensitive preschool – NMT/NME preschool
12. Promote the MCESC SEL Division
13. Provide consultation, professional development, and technical assistance regarding district-wide Whole Child MTSS Implementation
14. Meet the growing needs of districts in terms of pre-referral service (RTI) prior to an automatic referral for OT or PT evaluations

STRATEGIC GOAL B

Attract, Recruit, and Retain Top Talent

Key Decisions and Actions (8) with 16 measures:

1. Recruit, hire and retain teachers, administrators, and staff of color
2. Increase recruiting opportunities for hard-to-place positions
3. Develop alternative recruiting methods
4. Develop an employee referral system
5. Develop recruiting webpage
6. Develop Career Fairs for high school students
7. Review and upgrade the salary and benefits strategy
8. Build a stronger MCESC culture of loyalty

STRATEGIC GOAL C

Communicate with and Engage our Stakeholders

Key Decisions and Actions (9) with 25 measures:

1. Assess and communicate the operational, categorical, and total program cost of the MCESC and each building
2. Update communication plan and processes
3. Update technology plan and processes
4. Utilize digital media tools to expand ESC presence and maximize key ESC campaigns
5. Support ongoing internal and external communication with stakeholders
6. Develop a schedule and system of reporting key stories of public interest
7. Facilitate annual MCESC survey cycle
8. Coordinate and communicate key messages and stories to print media
9. Update Technology hardware and software inventory

STRATEGIC GOAL D

Continue to Responsibly Grow and Utilize our Fiscal Resources

Key Decisions and Actions (16) with 14 measures:

1. Support existing state and federal grants
2. Support the SEL Division
3. Create the Financial Futures Committee
4. Partner with the Shared Resource Center
5. Support programs at Learning Center North
6. Create and adhere to department budgets
7. Support the HR Human Capital Grant
8. Support and expand our preschool program
9. Adhere to key performance indicator #8
10. Adhere to key performance indicator #9
11. Support of Montgomery County CARES dollars
12. Support of GEER dollars
13. Support of OCER grant
14. Support of RemotEDx grant
15. Support of OCER grant (OT/PT addition)
16. Support EANS program

STRATEGIC GOAL E

Grow our Capacity to Expand Services to Support Workforce Development

Key Decisions and Actions (10) with 18 measures:

1. Support Business Advisory Council (BAC) working groups
2. Determine and implement opportunities for staffing and programming within learning centers
3. Align and integrate our BAC youth services with workforce development county-wide
4. Align BAC partners and opportunities
5. Continue ongoing professional development and STEM Ecosystem work
6. Continue counselor and Career Champion Academies
7. Implement occupational, vocational, and college-prep programming at Learning Center North
8. Expand partnership potential for career-based learning options
9. Expand our workforce development communications strategies
10. Develop and implement education workforce pipeline program
