

Port Hope and District Chamber of Commerce (PHDCC) Provincial Antigen Screening Program (PASP) Participation Agreement

Workplace Name: _____

Screening Supervisor Name: _____

The PASP is a “Supervised Self-Screening Program” for workplace employee screening. The objective of the program is to provide an additional safety measure in small businesses that are high-risk and essential workplaces, by providing access to Covid-19 point-of-care antigen tests to small businesses to enable them to provide enhanced workplace screening to help guard against the spread of Covid-19.

The Province of Ontario has provided Test Kits to PHDCC, free of charge, to distribute, under agreement, to small businesses with 150 employees or less in the province. The Province, and by extension, PHDCC, makes no guarantees about the availability or volumes of Screening Kits that may be available.

If you are ordering Covid-19 Rapid Antigen Screening Kits from PHDCC as part of the PASP, the following terms and conditions apply:

1. Test kits must be ordered through the PHDCC’s online ordering platform at <https://www.porthopechamber.com/rapid-screening-program>
2. Eligible Businesses that receive the Test Kits must ensure that the Test Kits are:
 - a. Used only for the purposes of the Initiative; and
 - b. Not resold or distributed to any other person.
3. Eligible Businesses shall ensure that there is no fee charged to persons being screened using the Test Kits. Such screening must be provided free of charge to the person being tested.
4. In providing Covid-19 point-of-care antigen testing to individuals using the Test Kits at their sites, Eligible Businesses that receive the Test Kits must ensure compliance with all applicable laws, provincial or federal directives, and provincial or federal guidance, including:
 - a. Ministry of Health COVID-19 Guidance: Considerations for Rapid Antigen Screening.
 - b. Public Health Infection, Prevention and Control (IPAC) guidelines
5. Eligible Businesses that receive the Test Kits must supply, at the business’ own cost, the appropriate human resources and all equipment and supplies (other than the Test Kits themselves) required to perform the COVID-19 point-of-care antigen testing using the Test Kits at their site.
6. Eligible Businesses that receive the Test Kits must ensure that the person performing COVID-19 point-of-care antigen testing using the Test Kits at their site must be a health professional or trained individual that has the appropriate knowledge, skills, judgment, and oversight to perform the test correctly. The Screening Supervisor must watch the provided training video prior to pick up at the PHDCC site.
7. PHDCC has chosen to participate in this program to help local employers reduce the spread of Covid-19 and help keep our community safe. PHDCC shall not be liable for any loss, claim, or demand made by participating businesses or their employees, or made against participating businesses by any other party, due to or arising from the transfer, handling, storage, use or disposal of the Test Kits, and participating businesses shall indemnify PHDCC from and against any and all such losses, claims or demands (including in respect of any other party).
8. This agreement comes into effect upon execution and shall expire when the program ceases to be offered by the Province, unless terminated earlier in accordance with this section. PHDCC may terminate this Agreement immediately upon written notice to you if you fail to comply with any term of

this Agreement. For clarity, if the agreement is terminated, you shall no longer be participating in the PASP and shall not receive any further access to Screening Kits from PHDCC.

Check to declare that you, as the screener supervisor, have watched the training videos at the links provided below.
