Better Business. Better Community.

Hosting a Greet & Meet New Member Event

These monthly events are popular and valuable allowing new and current members to interact and share business opportunities.

These monthly events are a great chance to network, make new friends, and meet potential customers. Hosting one of these events is a great way to showcase your business and a perfect opportunity to introduce your products and/or services to fellow chamber members.

One of the obvious benefits of hosting is awareness and exposure. Your logo will appear on the event listing and featured on the event presentation. Additionally, you will have the opportunity to open the event with a presentation on your business. The event will be listed in the Chamber calendar of upcoming events and posted on our Facebook page. In addition, announcement of the event will be emailed to over 1,000 recipients each week.

Attendance is dependent on a number of factors including weather and the number of new members however, average attendance is between 15-20.

Hosting a Greet & Meet New Member Luncheon
