

My name is Jennifer Bard. My fascination for the building trades started as a little girl; watching my Dad build our family home. It quickly grew into a passion as I began remodeling my own home as a young adult (with my Dad's help of course!). I have been fortunate enough to channel that passion into my profession; following a career that has enabled me to work in areas of construction that are essential within the industry. I am knowledgeable in various aspects of the building processes from new construction to remodels; focusing primarily in the residential sector. I enjoy every aspect from the design and planning of the project through the construction phase(s) and finally seeing the finishing project in completed form!

I am a member of the HBAGTA Board of Directors, am on the Golf and Membership Committees and am the Parade of Homes Committee Chair. We have a great Parade of Homes committee who is working hard to make this year's parade another success!
