35 YEARS

OF BUILDING DREAMS

**2018
BUILDER
OF THE
YEAR**

LET'S BUILD YOUR DREAM

For over 35 years, Silverwood has been the go-to home builder in the Traverse City area. With over 100 completed projects on Old Mission alone, we have the experience and expertise you can trust to make your dream home a reality.

SILVERWOOD
BUILDING SPECIALISTS

(231) 929-2445

SilverwoodEnterprises.com

2020 was a tough year for our community and our nation, but we see brighter days ahead. The Home Builders Association of the Grand Traverse Area and all its members are working to bring that radiant future to reality, with honesty as our business policy and a commitment to giving every home buyer the best value for their dollar.

You know the members of the HBA. They are the builders who have been in the community for decades, the contractors who make our houses work well and the suppliers who provide high-quality support to the builders and contractors. Those who have had experience with our members know that they are problem solvers who work with homeowners to make things right.

With that problem-solving mindset and skills, no problem is too big for us to solve, together. Our community needs quality homes for the next generation of homeowners and all those who are moving into our wonderful area. The Home Builders Association will be there to fill that need.

We will help fill the need for housing through our Build Your Life program and other workforce development initiatives. The HBA is working with several partners, to increase the number of young employees coming into the building trades and to make sure they develop the finest skills possible.

Great news for the community – all of our events will be back in 2021! While some events were postponed or cancelled last year, our Home Expo, Golf Tournament, Parade of Homes and Scholarship Dinner are already in planning or development for the coming year.

Check out our website – www.hbagta.com – to find a builder, get tips on building or remodeling your home, or to register for one of our events.

HBA builders are licensed and have pledged themselves to a Code of Ethics which protects our customers, the community and our members. In this directory, you will find the finest builders, contractors and suppliers in our region. Use a Home Builders Association member for your next project!

Best regards,
Mike Tucker, 2021 HBAGTA President
Kingsley Lumber Company

PURPOSE

The Home Builders Association of the Grand Traverse Area, Inc. chartered in 1970, is a professional trade association encompassing the Michigan counties of Antrim, Benzie, Grand Traverse, Kalkaska and Leelanau, whose members are licensed, where applicable, for the purpose of constructing quality housing, providing associated services and utilizing progressive technologies. The Home Builders Association of the Grand Traverse Area is an affiliate of the Michigan Association of Home Builders and the National Association of Home Builders.

MISSION

To be a high quality resource for building industry professionals, who provide outstanding service to our community.

COMMITTED TO A HIGHER STANDARD

CODE OF ETHICS

- Our paramount responsibility is to our customers, our community and our country.
- Honesty is our business policy.
- High standards of health safety and sanitation shall be built into every home.
- Members shall deal fairly with their respective employees, subcontractors and suppliers.
- As members of a progressive industry, we encourage research to develop new materials, new building techniques, new building equipment and improved methods of home financing, to the end that every home purchaser may get the greatest value possible for every dollar spent.
- All sound legislative proposals affecting our industry and the people we serve shall have our informed and vigorous support.
- We hold inviolate the free enterprise system and the American way of life.
- We pledge our support to our associates, our local, state and national associations and all related industries concerned with the preservation of legitimate rights and freedoms.
- We assume these responsibilities freely and solemnly, mindful that they are part of our obligation as members of the Home Builders Association of the Grand Traverse Area, Inc.

*Adopted with unanimous consent by the
Board of Directors of the Home Builders Association of the Grand Traverse Area, Inc. this 19th day of January, 1970.*

**IMPORTANT NOTICE
REGARDING LICENSES & INSURANCE**

It is the sole responsibility of any person contracting with any entity to ascertain that the entity has a current/valid license, when applicable, and current/valid policies of insurance, whether the same be Commercial Liability and/or Workers' Compensation.

The Home Builders Association of the Grand Traverse Area, Inc. makes no representation that any person, partnership, corporation or other entity listed in this directory has current and valid licensing and policies of insurance.

PROFESSIONAL DESIGNATION IN THE HOME BUILDING INDUSTRY

What Do Those Letters Mean?

Education is one of the core missions of the National Association of Home Builders, as well as the Home Builders Association of the Grand Traverse Area. Building industry professionals recognize these as premier repositories of housing knowledge and regularly turn to them for their continuing education needs. Through NAHB and its state and local affiliates, members receive the information and preparation that allows them to gain the competitive edge.

Listed below are some of the Designations that HBAGTA members have earned.

CAPS – Certified Aging in Place Specialist

The Certified Aging-in-Place Specialist (CAPS) designation program teaches the technical, business management, and customer service skills essential to competing in the fastest growing segment of the residential remodeling industry: home modifications for the aging-in-place. The NAHB Remodelers Council, in collaboration with the AARP, NAHB Research Center, and NAHB Seniors Housing Council, developed this program to provide comprehensive, practical, market-specific information about working with older and maturing adults to remodel their homes for aging-in-place.

CGP – Certified Green Professional

The National Association of Home Builders' Certified Green Professional™ designation recognizes builders, remodelers and other industry professionals who incorporate green building principles into homes— without driving up the cost of construction. Class work leading to the designation provides a solid background in green building methods, as well as the tools to reach consumers, from the organization leading the charge to provide market-driven green building solutions to the home building industry.

CGB – Certified Graduate Builder

This designation allows builders to grow their business by sharpening their business management skills and their understanding of today's home building industry.

CGR – Certified Graduate Remodeler

Certified Graduate Remodeler (CGR) is an exclusive professional designation designed to emphasize business management skills as the key to a professional remodeling operation.

GMB – Graduate Master Builder

The ultimate symbol of the building professional, the Graduate Master Builder (GMB) designation is for experienced veterans only. Before beginning the GMB designation process, the professional must have the CGB designation, the CGR designation, or the CGA designation with five years of building experience, or ten years of building experience and have completed three CGB/CGR/CGA courses. GMB courses are more advanced with in-depth instruction geared for experienced building professionals.

LEED AP-H

The United States Green Building Council created the Leadership in Energy and Environmental Design (LEED) program to certify buildings that adhere to their high standards for green design and construction, but those who administer the program are known as LEED Accredited Professionals (LEED AP).

MEMBERSHIP DIRECTORY ERRORS AND OMISSIONS POLICY

The 2021 Membership Directory of the Home Builders Association of the Grand Traverse Area, Inc. is supported solely by the businesses advertised in it and is distributed free of charge to the public. Every effort has been made to compile the information contained in the official directory as accurately as possible. However, errors do occur and should be reported in writing to the Home Builders Association of the Grand Traverse Area, Inc. office. Neither the Home Builders Association of the Grand Traverse Area, Inc. or its employees, agents or representatives are liable for any damages relating to errors or omissions which may occur in the advertising herein or failing to appear.

WHY DO BUSINESS WITH AN HBAGTA MEMBER?

HBAGTA members made the commitment to an organization that stresses being committed to a higher standard. Our organization accepts only builders and trade professionals who meet the criteria set in place. Members are licensed as required by the State of Michigan, hold proper insurance and maintain educational requirements. The community knows that they can depend on the HBA members as the true professionals in the industry!

LOOKING TO BUILD, BUY, OR REFI?

We offer more than 50 mortgage solutions, including construction and special renovation loans.

NORTHERN BUILDING SUPPLY

Two full-service retail lumber yards and
hardware stores serving all of Leelanau County
and the greater Grand Traverse Region.

northernbuildingsupply.com

For homes as unforgettable
AS THEY ARE UNCOMPROMISING.

Craft inspiring neighborhoods with lasting character. You'll enrich the lives that are lived there.

Promise your homeowners the desirability and performance that defines great design. Only James Hardie® siding and trim are specifically engineered to endure the years, and express all the personality of traditional homes.

We build character. jameshardie.com

Build on a Strong Foundation

W.E. Carter opened the doors of his first lumberyard in 1932 in Akron, Ohio. He set out to have a family-run company that treated its customers like they were family. Over 85 years later, we're still operating with the same philosophy. We are dedicated to providing our customers with a broad range of building materials and exceptional customer service.

We are a practical, no-nonsense company that understands the growth of our business is directly tied to you. Whether it be, the completion of your project or the growth of your business, we are proud to be your partner through it all. Wouldn't you prefer to do business with a company that considers you a partner?

Contact your local Carter Lumber to see how having Carter Lumber as your partner, can be an asset to your project or business.

DTE

LIVE LARGE WITH NATURAL GAS.

Take your living space outdoors with clean, reliable energy. From grilling to decorative lighting, fire pits to swimming pool heaters, natural gas makes it possible to enjoy outdoor spaces longer.

Find out all the ways at dteenergy.com/gashouse.

Extend your favorite Michigan season.

Nothing says summer like a warm night outside with burgers on the grill, cooking s'mores over a fire and enjoying a swim or a soak in a pool or hot tub at just the right temperature.

What you may not realize is that there's an easy way to make all those things possible using the same fuel that warms your house and cooks your food in the winter: natural gas.

Fire pits and outdoor fireplaces are increasingly popular ways to create a focal point when enjoying a deck or patio, but traditional wood-burning pits and fireplaces generate smoke and ash that require cleaning and constant tending. A natural gas

fireplace or fire pit, however, starts and stops at the push of a button and burns just as cleanly as the burners on your stove.

Natural gas can also power outdoor lighting for a soft, warm glow to make your outdoor space more inviting. Whether it's for looks, for light or for toasting marshmallows, natural gas lights and a fire pit or fireplace make your outdoor space more inviting.

Not only is natural gas perfect to enhance your outdoor living area, it's also more economical – costing 30 to 50 percent less than other energy sources. Plus, it's environmentally friendly and the cleanest naturally occurring energy source.

So make your Michigan summer extend further into fall and begin sooner in spring with natural gas!
