Performance Standards Evaluation Form

Donning Personal Protective Equipment

JPR(s): Exterior: 6.2.2, Interior: 7.1.2.2

Objective(s)

The candidate will demonstrate the proper technique of donning Personal Protective Equipment (PPE).

Candidate Instructions

Evaluator must read the following, verbatim, to the candidate:

“In this skill station, you will be required to properly don personal protective clothing, which includes the following elements: turnout coat, turnout pants, hood, gloves, helmet, and boots. You must verbalize all steps while performing this skill. You have 2 minutes to complete this skill. You will begin on my instruction to start. The skill will end when you state or signal that you are finished. Do you have any questions?”

Evaluator Instructions

Point out the available equipment that is provided for the candidate.

Read the Candidate Instructions verbatim to the candidate and give them an opportunity to ask questions prior to beginning the skill test. The candidate will not be allowed to view the skill sheet once testing begins. After the question opportunity, prepare your stopwatch and instruct the candidate to begin the skill. While the candidate is performing the skill test, observe whether they perform each of the line items and mark the skill sheet appropriately.

Grading Instructions

When filling out forms, be sure to use candidates' first and last names. In order for a candidate to receive credit for a line item, you must correctly circle the appropriate grade/points for each line item on the skill sheet. Earned scores for all line items are either full credit or zero credit; no partial credit is allowed. Note the candidate's status under Initial Test Notes and give it to the lead instructor.

Failure/Remediation Instructions

If the candidate has failed the initial test and needs to retest, the lead instructor will need to remediate the candidate and have them sign the Retest Information Statement on the skill sheet prior to retesting. Allow the candidate time to practice before retesting. Failed skills must be fully documented in the Notes sections of the skill sheet.
