

# ABOUT US

Our association is a leading provider of fire protection services and equipment. We are committed to providing the highest quality products and services to our members. We are also committed to providing the highest quality training and education to our members. We are also committed to providing the highest quality support and assistance to our members. We are also committed to providing the highest quality information and resources to our members. We are also committed to providing the highest quality products and services to our members. We are also committed to providing the highest quality training and education to our members. We are also committed to providing the highest quality support and assistance to our members. We are also committed to providing the highest quality information and resources to our members.

In addition, the association is extremely active in legislative efforts that affect the emergency service of Texas.

"Over the years, we have found SFFMA to be a tremendous asset and partner in expanding and solidifying our business. We appreciate all that the association and their members do for our business and consider sponsorship as just another way to help the association and our business at the same time! We consider it money well spent."

Barbara Marzean, VFIS of Texas

"Government Capital's partnership with SFFMA on the Texas Fire Facilities Fund has enabled us to reach hundreds of fire departments in Texas with an important message concerning funding for stations and apparatus. SFFMA sponsorship is a great way for organizations to reach out to volunteer fire departments in Texas."

Sheila R. Reese, Government Capital Corporation
