<b>ASSISTANCE FOR PRIVATE BUSINESSES AND NONPROFITS</b>						
Federal Reserve <a href="#">Main Street Lending Program</a>	<i>Federal Reserve Action</i>	\$600 billion in loan purchasing by the Fed	Small and mid-sized businesses employing up to 10,000 workers or with revenues of less than \$2.5 billion	<p>The Federal Reserve has announced that it is establishing a Main Street Lending Program (Program) to support lending to small and medium-sized businesses that were in good financial standing before the onset of the COVID-19 pandemic. The Program will operate through two facilities: the Main Street New Loan Facility (MSNLF) and the Main Street Expanded Loan Facility (MSELF).</p> <p><b>Structure:</b> To implement the Program, a Reserve Bank will set up a special purpose vehicle (SPV) to purchase 95 percent participations in loans originated by eligible lenders. Lenders will retain 5 percent of the loans. U.S. businesses are eligible for loans if they meet either of the following conditions: (1) the business has 10,000 employees or fewer; or (2) the business had 2019 revenues of \$2.5 billion or less. Loans would have a four year maturity, and principal and interest payments on the loans will be deferred for one year.</p> <p><b>Operational Status:</b> The Federal Reserve is currently working to create the Program infrastructure and is considering the feedback provided by the public. More information will be posted here as it becomes available regarding program terms and how eligible lenders can sell eligible loan participations to the SPV</p>	TBD	<p>Federal reserve is in the process of finalizing this program, guidance on accessing this assistance will be available in the coming weeks.</p> <p>Additional information on Fed actions to support the economy:  <a href="https://www.federalreserve.gov/newsevents/pressreleases/monetary20200409a.htm">https://www.federalreserve.gov/newsevents/pressreleases/monetary20200409a.htm</a></p>
