## **Why Businesses Belong to their Local Chamber**

For over 48 years, the Evergreen Chamber has been a catalyst for growth for the business community. We help our members work together to create power partners, learn valuable marketing skills that enhance their operations and provide a place where small business owners can find friends and colleagues. What we deliver

to the public is a vibrant economy creating choices of services, adding to our property values and employing local residents of all ages.

Research shows that a great community needs a great business environment to thrive. The Chamber staff works every day to make sure that that need is addressed and met. Some of our members are able to participate in all of the networking activities we provide from leads groups to event volunteering to educational breakfasts. Others are so busy in their business that they cannot attend everything. We do our best to keep on top of what's going on, who provides the services needed in town and make our community aware of how to connect with who we recommend. Our website is an active place to connect with local business, find out what's happening event wise and how our county supports us. Our Facebook page provides relevant information about local business activities, job openings, road closures and much more.

Belonging to the Evergreen Chamber is more than just advertising your business and making connections. Belonging to the Chamber is to take part of being in the business of encouraging a thriving economy. It is bigger than just being an owner or employee. It is about being part of the growth and strength of a community you love. It takes a village to create and maintain success, we should all actively take part in creating that success.

Every day the Evergreen Chamber strives to positively affect the lives of our community. We provide business recommendations and act as a central point of information for the mountain area in everything from events to county rules and regulations. We do not have all the answers but we know how to connect you to the people that do. Call us with your questions we are here to help.

Why do businesses belong to their local Chamber of Commerce? They belong because they want to be something bigger than their organization, they want to give back, get involved and make the community a better place.

Remember, visit our website, follow us on Facebook and shop local.

### 2017 Rotary Club of Evergreen Recycle Roundup and Community-Wide Clean-Up Day

On Saturday, September 23rd from 9.00 a.m. through 2.00 p.m. the Evergreen community is invited to bring their hard to re-cycle items to Evergreen Country Day School. And new this year is a Community-Wide Clean-Up! There's still time for you to choose a local area that you and your team would like to clean up. For more information on how your organization can get involved with the Community Clean-Up, please email Tim Eagan at [tjeagan333@gmail.com](mailto:tjeagan333@gmail.com). Log on to [Evergreenrotary.org](http://Evergreenrotary.org) and click thru the 'Recycle' logo on our home page for recycle item details.

### Come Get to Know Us

We meet most Friday mornings at 7:00 a.m. at the Evergreen Country Day School. ## Learn what's happening at Quality Connections SW!

### Q. How long have you been in business?

Quality Connections Southwest (QCSW) has been publishing for 12 years on the West side of the Denver Market including the Foothills. Quality Connections was founded in Colorado Springs just over 20 years ago. We are the original direct mail marketing magazine in Colorado and have been helping small to medium size businesses be successful since the first edition.

### Q. How often do you publish? How many subscribers do you have?

QCSW publishes 5 times every year at the request of our clients. We publish in the months of January, April, June, August and October. Thanks to the guidance of our clients the magazines are scheduled for those months on the approximate dates that best suit them.

Quality Connections is a demographic driven, direct mail product while most other direct mail publications are geographic driven. We select postal carrier routes based on single family residences, incomes of about \$50,000 and above, slightly older adults in the household and families. These are the most important categories for a direct mail offer to succeed. We do not have subscribers. Geographic driven direct mail products are delivered to a block of addresses in a particular area with little or no concern about who gets the offer. This is important since coupon users in the United States are; women over 30, married, with children, with upscale incomes and homeowners. In some cases, particularly in the Foothills communities, we must deliver to Residential Post Office Boxes since mail is not delivered to homes. Our mailing lists are updated 3 times every 12 month period to get the freshest demographics available so our advertisers get the best customers into their businesses.

### Q. What is new with Quality Connections Southwest?

There always seems to be something new with Quality Connections. Beyond our magazine we added a website with downloadable coupons a few years ago, then, at the urging of some younger generation coupon users, we added Facebook and Twitter to push the ads to more people. Recently Quality Connections owners decided to add a free mobile app, QC Coupons, which covers all of our advertisers from Colorado Springs to Fort Collins. So if you're traveling around the Metro/Foothills area and need something, like lunch, the app will take you to the closest restaurant. Or, you can select a business by category and distance. We're finding a lot of people are signing up. Beginning with the Holiday issue publishing October 30th, QCSW will add Georgetown to Zone 8.

### Q. Why are these new aspects important to the business?

It's important that a publishing company remain viable as more aspects of delivering messages becomes available. We listen to our clients' recommendations and that pushes us into bigger packages to cover their needs. And, since we are the largest direct mail marketing magazine in Colorado our ability to keep pricing down while offering more gives small businesses the chance to succeed. We really don't know of any other Colorado product like ours that can offer all of this plus free professional design for 1.3 cents per household.

### Q. Is there anything else you would like your fellow Chamber members to know?

Quality Connections has been a Chamber member for some time and we enjoy helping small businesses. With an 80%+ renewal rate you can call any of our clients in the magazine and ask for their opinion. Except for restaurants, we limit the number of clients in any given category to no more than 2 or 3. Some categories are completely exclusive like dentists and chiropractors and we have clients that have been with QCSW since our first issue and love to see their success. A recent survey shows that Millennials still prefer paper coupons over other offers (our Social Media Manager can direct you to that survey).

## Evergreen Country Day School —Tinker Lab

Evergreen Country Day Toddler through 2<sup>nd</sup> grade students learn and play in an inquiry-based, creative, interdisciplinary enrichment program called the Tinker Lab. After establishing a student posed inquiry question (provocation), the teachers then develop a unit of study that integrates art, music, science, engineering, technology and math around that guiding question. The Tinker Lab is a space that celebrates the process of experimentation, exploration, and critical thinking. It is a classroom that encourages students to become independent, flexible thinkers and problem solvers. We are beyond excited to experience the joy of watching learning come alive. Come visit the school and see the magic for yourself.

## Lawson Adventure Park — Haunted Park

The Haunted Park is a family event on Saturday the 28th October from 4.30pm. It's FREE to the public so we expect to be one of the most popular family Halloween events in the area. Guests attending the park will experience free spooky disc golf, free trick or treating with live music, a camp fire (if there's no fire ban) and a Halloween costume contest for families and dogs, at our spooky park.

Local businesses are invited to be treat stops. This is an opportunity for you to share information about your organization, through samples, treats and flyers, while you have people's attention. The Haunted Park will attract families and dogs from all over Clear Creek County, Denver and out of state. Plus there will be an after party giving you the opportunity to network with other sponsors, exhibitors, and locals.
