The Rewards of Promoting our Local Economy

Growing the local economy is the number one goal of the Evergreen Chamber of Commerce. Since 1970, the Chamber staff and its members have worked together to bring goods and services to our mountain community. It's important for local business owners to work together and collaboration brings success to all. Our community needs choices of service providers, restaurants and stores. The Evergreen Chamber supports and recommends those owners in their endeavor to network, partner and grow their business. Business growth means economic prosperity for our community and as residents we all benefit.

Promoting our local economy is rewarding both monetarily and mentally. Meeting businesses owners, keeping them informed about local issues and introducing them to each other is what energizes our Chamber staff. We take great pride in our efforts and are always looking for ways to improve our member's return on investment. Yes, being part of the Evergreen Chamber is an investment, a marketing investment. When we can, we deliver numerical data results to our members so they can be excited to know how their dollars are working to drive business to their establishments. Whether it be web stats, social media engagements, visitor and resident inquiries for services we make sure that data is available for our customers.

Directly connected to promoting our local economy is promoting our local community. As we all are aware, the summer is full of community events from the Lake Concerts to the Rodeo to Summerfest and the Jazz Festival, then on to the Dam Duck Derby and ending with the Big Chili Cookoff. Local Evergreen businesses are constantly approached to donate or volunteer at these events and they do so with pride. Please make sure to thank them for their support by shopping locally, eating locally, hiring contractors, landscapers, accountants, doctors all locally. By working together, residents and businesses can promote each other. The reward is simple, a growing vibrant economy that we all are a part of.

How does the Chamber set an example of partnership? Did you get a chance to attend the Taste of Evergreen on May 11 at the Lake House? Over 400 people went and sampled food and drinks from 20 local establishments. The event was highlighted in the local papers, on Fox News and all over Facebook. Restaurants worked together to show off what they have to offer and the crowd loved it. Multiple businesses sponsored the event to showcase our mountain area eats. Thank you to Bruce Anderson, Anderson Farmer's Insurance Agency for being our Title Sponsor.

Lastly, the Evergreen Area Chamber of Commerce is proud to announce the awarding of *four* \$1000 college scholarships for local graduating seniors heading off to study business in the fall. We aligned with Bootstraps, Inc on the selection process and the winners were: Nick Teegarden and Bridger Tenney from Evergreen High School, Ty Judge from Clear Creek High School and Mark Studer from Conifer High School. We are honored to have been able to present the funds to the kids and are proud of all of our local graduates.

Ethics in Business Award

In 2009 the Rotary Club of Evergreen awarded its first annual 'Ethics in Business Award'. Each year since, Rotary Club members have nominated businesses and business professionals for the award that they believe comply with Rotary International's Four-way Test, as follows:

Of the things we think, say or do:

1. Is it the truth?
2. Is it fair to all concerned?
3. Will it build goodwill and better friendships?
4. Will it be beneficial to all concerned?

Nominees may be Rotary club members or non-club members. Each nominee is interviewed by Rotary's vocational committee and the committee then selects a winner. The award comes with a \$500 prize to donate to the charity of their choice.

This year's nominees are:

- Hearthfire Books, Kappy King
- Evergreen Vision Clinic, Dr. Daniel Hock
- Evergreen Dental Group, Jeff and Bev Sprout
- Anderson Insurance Agency, Bruce Anderson
- Drive Smart
- Star Quest Group, Tom Athenour
- Evergreen Swims, Courtney McLaurin

Downtown Evergreen Clean-Up Day.

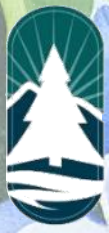

Many residents and volunteers from local businesses, including Evergreen Parks and Recreation and Evergreen Local Improvement District (ELID), swept, weeded, and picked up trash during the annual Downtown Evergreen Clean-Up Day.

ELID will provide a much needed vehicle for implementing projects and improvements to our community's neglected roadways, curbs, gutters, crosswalks and trails. All of this and more without creating a city government. It's time to secure Evergreen's beauty and safety for generations to come.

You can help by signing the Vote Yes For ELID petition. No donations being asked for, just your name and email.

EST. 2003, Interview Todd Chocoi

Q. What services does Bear Creek Design Group provide for clients?

Bear Creek Design Group offers residential design and construction services. We specialize in doing kitchens and bathrooms, but have done just about every kind of remodel project. We also have a design showroom to provide an 'idea center' to aide clients in choosing and purchasing materials.

Q. Who is your ideal customer?

We love working with clients that get excited by classic mountain design elements and those that bring new design concepts from other places. Those with the energy and enthusiasm to see their remodel vision come to life.

Q. What is new with Bear Creek Design Group?

Bear Creek is moving to accept the many requests for large remodels and new builds. It feels like there are a lot of residents that love this mountain community and want to improve their property rather than try to find a new house to meet their changing needs.

Q. What other categories of Evergreen Chamber member businesses would be great partners for you?

Of course we already work alongside of many of the businesses in the Contractor Services section and also in the Home & Garden area. We feel that there are potential partners in Real Estate professionals, Architects, and other designers. Additionally we feel that partnering with entities that make this a special place to live are worthwhile, from schools and other districts, to many of the local events, groups and organizations that enrich us by being here.
