Growing the Local Economy

The number one goal of the Evergreen Chamber of Commerce is to grow the local economy. Since 1970, the Chamber staff and its members have worked together to bring goods and services to our mountain community.

Promoting our local economy is rewarding both monetarily and mentally. Meeting businesses owners, keeping them informed about local issues and introducing them to each other is what energizes our Chamber staff. We take great pride in our efforts and are always looking for ways to improve our member's return on investment. Yes, being part of the Evergreen Chamber is an investment, a marketing investment. When we can, we deliver numerical data results to our members so they can be excited to know how their

dollars are working to drive business to their establishments. Whether it be web stats, social media engagements, visitor and resident inquiries for services we make sure that data is available for our customers.

Directly connected to promoting our local economy is promoting our local community. As we all are aware, the summer is full of community events from the Lake Concerts to the Rodeo to Summerfest and the Jazz Festival, then on to the Dam Duck Derby and ending with the Big Chili Cookoff. Local Evergreen businesses are constantly approached to donate or volunteer at these events and they do so with pride. Please make sure to thank them for their support by shopping locally, eating locally, hiring contractors, landscapers, accountants, doctors all locally. By working together, residents and businesses can promote each other. The reward is simple, a growing vibrant economy that we all are a part of.

Did you get a chance to attend the Taste of Evergreen on May 2? Over 400 people went and sampled food and drinks from 20 local establishments. The event was highlighted in Colorado Serenity, the Canyon Courier, the Mountain Connection and all over Facebook. Restaurants worked together to show off what they have to offer and the crowd loved it. Multiple businesses sponsored the event to showcase our mountain area eats. Thank you to Bruce Anderson, Anderson Farmer's Insurance Agency for being our Title Sponsor.

Our winners were:

Best Sip of the Taste : Lariat Lodge Brewing Company
Vienna Style Lager

1st Place Best Bite of the Taste : Mount Vernon Canyon Club
Ahi Tuna Tacos

2nd Place Best Bite of the Taste: Da Kind Soups
Brussel Sprout Soup

3rd Place Best Bite of the Taste: Blackbird Café & Tavern
Mini Chicken Pot Pies

Join us next year, Thursday May 7th at the Evergreen Lake House. In the meantime visit our website to see all of the restaurants that participated in the Taste and head out to dinner to try the best Evergreen has to offer.

As always, thank you for your support of the Chamber, thank you for your support of our local nonprofits and businesses. Contact us for recommendations any time. Visit our website EvergreenChamber.org and find what you are looking for or call our office.

Animal Invasion? You May Or May Not Be Covered.

Your dog ate your couch. Birds destroyed your gutter. A family of raccoons or a bear overran your garage. Will your homeowner's insurance, renter's insurance or auto insurance in Evergreen cover these animal invasions?

Yes and no. Here's the scoop:

Infestation:

If your home suffers damage at the hands (or legs) of insects, rodents, or vermin, the cost probably won't be covered by your homeowner's insurance. Whatever damage these unwanted guests cause, including nesting and infestation, is not usually covered. However, this varies by policy, so be sure to check with your insurance agent to confirm.

Destruction:

If your personal property is destroyed by an animal, this usually does not fall under your homeowner's policy coverage. If the animal damages the property itself, this is probably covered. So, if a bear breaks into your garage and mauls your tools, you might be on your own to replace your saw, but the damage Mr. Bear caused to the garage door should be covered.

We know not to leave valuables and expensive items in our cars to help avoid crimes of opportunity. We also need to be mindful not to leave food inside our cars to invite animal crimes of opportunity.

If you are forgetful and leave a yummy snack inside your car overnight and a bear breaks in, dines and destroys the interior, like recently in Breckenridge (for the entire story visit: <https://denver.cbslocal.com/2019/04/04/breckenridge-bear-subaru/>), your auto insurance policy should cover it. Check with your agent now to confirm your coverage and be mindful to not leave any offerings in your car—wherever you may be parked.

Liability:

Coverage for damages caused by pets varies based on where the damage occurs. If

your cute kitten ruins your new loveseat, you'll have to hold Fluffy responsible. Your insurance company probably won't pay for that. But if you bring Fido to your friends' house and he eats their loveseat, the liability portion of your policy will kick in and cover this damage.

Do you have concerns about potential animal-related damages? Let us help you review your policies and determine what specific coverage is best for you and available in your area. Call Michele or Kristin at RPM Agency, 720.683.0010 or info@rpmagency.com.

Happy spring and Be Bear Aware!

EVERGREEN ROTARY NEWS

Rotary
Club of Evergreen Colorado

What's in it for me?

You've probably asked yourself this question if you've ever considered joining a service club. Here are the reasons given most often by our members:

- A great way to meet like-minded people in the community
- An opportunity to be involved in meaningful service projects in Evergreen and internationally
- Excellent business networking opportunities
- A way to set an example of service and philanthropy for my young children
- Giving back has never been so much fun

If you would like to find out more about joining the Evergreen Rotary Club, please contact President Bob Wallace: E-mail: rwall5@comcast.net, or phone: 303.548.2375, or log on to EvergreenRotary.org

Village at Belmar

Interview with Angela Hoffman
Sales and Marketing Director
villageatbelmar.com

Q. What services do you offer?

We are an intimate nine-acre campus in the heart of the Belmar retail/dining corridor. As a premier retirement community with Independent Living, Assisted Living and Memory Care, we offer an unparalleled lifestyle experience combining contemporary ergonomic design, enticing outdoor recreational amenities, social and hospitality features, wellness based programming, pampered maintenance-free living, chef prepared meals, scheduled transportation, along with the personal care when support is needed. Learn more on our website!

Q. What is your business mission?

As a locally owned and managed community serving seniors, it is our passion and privilege to provide an elevated quality of life for those we serve through meaningful connections with residents, families and associates.

Q. What was the last big achievement that was celebrated?

We stand out from our competitors primarily because of our local ownership. With Village at Belmar's familial feel to our community, our residents, families and associates have the opportunity to connect with the immediate decision makers and hear from them the vision and direction of Village at Belmar. Also trickling from this local ownership is the desire to give back to our greater Jefferson County community through local partnerships providing employment, educational and wellness opportunities.

Q. Does the company give back to the community? In what ways?

Village at Belmar currently has local partnerships for employment with Colorado Christian University, as well as internship opportunities for students at Metro State, CU Denver and CCU. In addition, as a leader in the senior living industry, Village at Belmar has ongoing free educational seminars and support groups open to the greater community. We also welcome local service organizations and non-profits to host meetings at no cost. Lastly, we are at the forefront of innovative technology, which enhances the lives of those we serve by piloting programs like robot companions, new communication services and fall detection technology.

- Rose Walker Law is now Frost Brown Todd Attorneys -

Q: What services or products do you offer and how many employees do you have?

Alex Rose and Bryan Rose provide litigation services as well as strategic business counseling in risk management, liability assessment and contract construction for all industries including aviation, logistics and manufacturing. We litigate cases nationwide. Frost Brown Todd is a national full-service law firm with 525 lawyers in 12 offices. Frost Brown Todd has a value-driven Midwestern sensibility and a deep understanding of the industries we serve.

Q: What inspired you to get started in this business?

Bryan started out as a police officer and discovered that he loved the strategy of the courtroom. Alex started out at the Texas Legislature and discovered she loved systems analysis – deciphering where and how to execute strategic discreet changes to achieve maximum benefit. We still use these passions and skills every day for the businesses and individuals we serve.

Q: Why do your customers select you over your competitors?

We aren't afraid to roll up our sleeves. Many lawyers know the law but most don't want to do the work to learn how your business operates and what it needs. We learn the ins and outs of your industry and use that information to provide creative solutions tailored to your goals.
