COVID-19 and Our Community

These last few months have been a whirlwind. We went from business as usual, to no gatherings of more than 50 people, to no gatherings period. We went from being able to get a massage, a haircut, our teeth cleaned to social isolation. And finally, we went from enjoying a beer and a burger on decks and in restaurants all over town to just staying at home away from each other.

What has the Evergreen Chamber staff been doing to assist businesses and residents in this crisis? Hopefully you have been to our website and Facebook page to connect with the COVID-19 resource links we have in place. There you will find information on available jobs and unemployment, loans and grants for businesses, emergency services for food, shelter, and expenses, mental and physical health services and much more. The economic impact to our community as well as those around the country affects us all and we are continuously putting out connections to new information.

What is our new normal? Luckily we live in a beautiful place and we can embrace mother nature to help fuel our souls. We are lucky that we as a mountain community are more connected and more supportive of each other than ever before. We are resilient and refuse to let a disease stop us from banding together to help each other make it through.

Business will go on. We at the Evergreen Chamber continue to be a champion for our local community. Please feel free to email me personally at president@evergreenchamber.org or leave me a message on our office phone (303) 674-3412 and I will get back to you. We are always open to suggestion on how to better serve our others, thank you in advance for your support.

HOW YOU CAN HELP SUPPORT SMALL BUSINESS DURING THE COVID-19 OUTBREAK

GIVE THE GIFT OF BUSINESS

Purchase gift certificates to multiple businesses at EvergreenChamber.org. Save them for a later date, or pay it forward by donating them to a friend, foodbank, or our first responders!

TAKE OUT TAKE OVER!

Order take out & delivery from your favorite local businesses, and consider a generous tip. Unsure of who to pick? List available on our websites.

KEEP YOUR SUBSCRIPTIONS

Some subscription based businesses like gyms, fitness centers & art classes, are now offering online alternatives. Instead of canceling, join them online.

BUY NOW, PICK UP LATER

If you were planning to make a purchase, call to see if you can still make the purchase now, and pick up at a later date. Some businesses have online shopping!

SUPPORT FAMILIES IN NEED

In this time of uncertainty, some are left without essentials. If you are able to give, please consider a cash donation to your local foodbank so they can provide food & toiletries to local families.

COVID-19 PROGRAMS & RESOURCES

EvergreenChamber.org | GoConifer.com | PlatteCanyonChamber.org

Business Resource Guide for COVID-19

How your business and family can plan for and respond to the virus, along with information on the disease.

There are three parts to the CARES Act. They are all separate, but they do interact together as they are all administered by the United States Small Business Administration (SBA). The EIDL (Economic Injury Disaster Loan), Emergency EIDL Advance of \$10,000, and the PPPL (Paycheck Protection Program Loan). If you own a small business, visit our website for additional information, action steps and links to apply.

Sign up for weekly President's Letters with COVID-19 updates, and once a week Member to Member Hot Deals at evergreenchamber.org/newsletter-subscribe-here

Tell us how your business is fairing with a quick 2 minute survey.

In order to have accurate data on how COVID-19 is impacting our mountain area businesses we need to gather data. This data will be used to strengthen our case for assistance from the county and the federal government.

Visit our Business Innovator's web page for testimonials and blogs featuring positive news in our community. We are Stronger Together!

We want to highlight HOW business is still happening. How our local rock stars have altered the way they do business or deliver on their line of work. We do not want you to give up, rather be hopeful and resilient!

Mental, Physical and Spiritual Health Resources

COVID 19 has required us all to operate our lives differently. We are working and living at home, learning to navigate life in a totally different way. Social distancing impacts our mental, physical and spiritual well being. Know that you are not alone and there are resources available to help you through a temporary disruption in our way of life.

Interview with Diane Florschuetz - Broker Associate
(720) 626-9625 diane.florschuetz.com
30810 Stagecoach Blvd Suite 101 | Evergreen, 80439

Q. How did you get started in this business?

After selling the Muddy Buck, I took a couple of years off to spend more time with family and basically recover from working 18 hour days! I've always wanted to get into Real Estate, just hadn't done it yet, so I jumped in and am so happy I did!

Q. How did you get the background and skills necessary?

I did a great course online with Colorado Real Estate School and once I had my license I jumped right into classes to receive my CMAS certification (that's Certified Mountain Area Specialist). As a Realtor, I am always going to courses on different aspects of Real Estate. I also do a TON of reading and research! It doesn't hurt that I'm attached to my computer and even when I'm relaxing I'm searching for homes for my buyer clients or doing market research for my sellers!

Q. Who are the clients/what are the projects that you most enjoy working on?

There are reasons I enjoy working with every client - for instance, the new home buyer's are just adorable and so excited to be finding their first homes. The families searching for a new home, I love watching the kids run around choosing which room is going to be theirs and the families picturing themselves living there. For my sellers, I love helping them sell their home as quickly as they need me to with as little stress as possible and I've been very blessed with finding the right buyers for the sellers that make it all worthwhile!

Q. What's new with your business?

I just moved offices to the Evergreen office. Originally, I was with the Lakewood office, which I loved, but this is so much more convenient! Technically I didn't need to 'change' offices because I can utilize any of the Coldwell Offices throughout the world! If I'm in Parker showing homes and need to run into the office to print something I can, if I'm in Paris, I can do the same! It's super awesome to work with a company that is worldwide!

What's in it for me?

You've probably asked yourself this question if you've ever considered joining a service club. Here are the reasons given most often by our members:

- A great way to meet like-minded people in the community
- An opportunity to be involved in meaningful service projects in Evergreen and internationally
- Excellent business networking opportunities
- A way to set an example of service and philanthropy for my young children
- Giving back has never been so much fun

Thanks to our Evergreen Rotary Club sponsors:

What is the Rotary sponsorship program? If you would like to know more, please call or email Tim Grace: Cell - 305-926-5894. Email - Tim.Grace@N2Pub.com

Respond to the 2020 Census online!

Did you know that federal dollars flow into our community because of the results of the census? Every 10 years the federal government takes a count of all people living in the United States. Then it allocates money for services such as health care, roads and more based on that count. Being in unincorporated Jefferson County we do not have our own sales tax dollars flowing in to help support our community services.

It is critical that we all respond to the 2020 Census and be counted. The process opened on March 12 and will continue for the next few months. What is new this year is that you can answer online. You can also respond by mail when the mailing appears in your mailbox.

I encourage you to remind your neighbors to respond. The larger the number of people on the count, the more money that will come our way from the US Government. If you have any questions on it at all, visit the official site 2020census.gov.
