Cody Chamber to Continue Operations in Case of Government Shutdown

The Cody Country Chamber of Commerce is a non-governmental organization and will not be directly affected by a possible federal government shutdown.

Cody, WY — The Cody Country Chamber of Commerce will continue its regular operations in the case of a federal government shutdown. Services, hours, and programs of the Cody Chamber and the Cody Visitor Center will not change if the federal government fails to prevent the possible shutdown.

The Cody Country Chamber of Commerce is a non-governmental organization. Its budget and operations are independent from federal funding. Therefore, in the case of a government shutdown, there would be no direct effect on the Chamber's ability to perform its vital community functions.

The Cody Chamber will continue to work closely with its partners in federal, state, and local government in whatever capacity is available.

If necessary, additional updates will be provided later.
