The American Council of Engineering Companies of Minnesota (ACEC/MN) is the leading business practice and policy advocate for consulting engineering firms in Minnesota.

Formed in 1949, ACEC/MN's 135 member firms, representing over 7,500 employees, provide services to all segments of society, including federal, state and local governments, private industry and the general public.

Mission

- Advocate ACEC/MN's goals with the government and client groups
- Educate our stakeholders on the value of services member firms provide
- Provide opportunities for members to enhance business skills
- Encourage individuals to pursue careers in consulting engineering firms

Strategic Goals

- 1) Advance: Implement strategies to promote a diverse and capable workforce
- 2) Inspire: Encourage growth in STEM through collaboration
- 3) Innovate: Help members assess technological needs and trends

National Affiliation: ACEC/MN is a member of the American Council of Engineering Companies (ACEC), the largest national organization of engineers engaged in the practice of consulting engineering located in Washington, DC. ACEC represents the 50 states and Puerto Rico; employing 300,000 design professionals; responsible for more than \$100 billion of private and public works annually.

# TRUSTED ADVISORS SINCE 1966

*"Over the past 10 years since I've become the President & CEO of Sambatek, we've had incredible success thanks to the outstanding Sambatek family of employees and the synergistic partnerships we've built with our clients and partner firms. As the new ACEC/MN President, it is my honor to help provide the same leadership, value, and transformation to our industry at-large. Thank you for your trust!"*

## Committees

Committees are the heart of ACEC/MN. Committee members help develop new programs and initiatives, strengthen existing programs, and encourage new ideas. Committee descriptions are listed below. To learn more about committees, including becoming a committee member, visit [www.acecmn.org](http://www.acecmn.org).

### Awards Committee

Assists the ACEC/MN staff with the planning, communication and execution of the Engineering Excellence Awards Competition including banquet logistics, selection of judges, entry reviews, etc.

### Business Practices Committee (Finance and HR)

Discusses HR best practices and issues of concern to member firms as well as identifies and develops programs, materials, and services related to Finance (Accounting, Banking, Tax). The committee includes internal discussions and outside speakers, office practices policies, employee-management, standards of performance.

### Design Technology Forum

To create a forum for the exchange of best practices within and across CADD applications, provide a voice to consultants as customers of CADD software and collaborate with agencies to develop, support, and promote strategies for the adoption of consistent standards.

### Emerging Professionals Committee

This multidisciplinary hub provides professionals in the early stages of their career access to skills development, political advocacy, and outreach opportunities in a social setting.

### Energy & Natural Resources Committee

The goal of this committee is to represent interests in the power, mining, and petroleum industries in Minnesota, and the efficient, safe, responsible, and economic generation and transmission of energy as well as exploration, extraction, transportation, and beneficiation of natural resources in MN.

### Environmental Committee

Identifies the environmental challenges that face our industry, provides timely information to members, assists lobbying efforts of ACEC, and works to better focus public entities on performance, consistency, and compatibility.

### Legislative Committee

Determines ACEC/MN legislative efforts with input and direction from the Board of Directors and lobbyist. Maintains a proactive position with the state legislature on appropriate issues.

### Membership Committee

Recruits new members, reviews membership applications and develops membership retention programs. Works with ACEC/MN staff on member communication.

### Minnesota Structural Engineering Association (MNSEA)

MNSEA represents structural engineering firms throughout Minnesota and provides a forum for their engineers to improve the practice of structural engineering by offering education, networking, training and advocacy opportunities. MNSEA maintains Young Member Group (YMG) and the Structural Engineers Emergency Response (SEER) subcommittees.

### Program Committee

Selects topics and plans monthly continuing education opportunities that are focused on business and technical education customized for members.

## Committees

### Procurement Committee

Develops a program supporting and promoting the value of consulting engineering services.

### Marketing & Communications Committee

Plans and implements the overall marketing and communications strategies for ACEC/MN, both internally to members, and externally to the general public, and promotes the contributions of consulting engineers and the ACEC/MN brand. Partners with other committees to plan and execute promotional or marketing activities, when needed.

### Risk Management Committee

Committee provides a meaningful resource and forum for senior leader decision makers at member and affiliate firms regarding key areas of business risk for a deeper level of understanding. The information presented provides benefit and opportunity for dialogue regarding best practices and risk mitigation.

### Scholarship Committee

Committee members develop scholarship award criteria and distribute dedicated funds generated by ACEC/MN scholarship fundraisers. Scholarship applicants are interviewed and selected recipients are assigned to mentors from the committee.

### Scholarship Golf Committee

The primary mission of the scholarship committee is to plan a successful annual golf tournament that maximizes proceeds raised for the scholarship fund. The committee works with ACEC/MN staff to plan and manage the golf tournament in June.

### Stormwater Committee

Addresses water resource issues specific to stormwater including surface water, stormwater management, water quality, and wetlands. Maintains contact with various agencies to understand and provide input into upcoming policies and initiatives.

### Transportation Committee

Develops policy positions on transportation matters, maintains liaison with public agencies, and monitors transportation activities.

### Water Resources & Rural Development Committee

Addresses issues facing firms in the field of wastewater and ground water. Maintains contacts with agencies including the Minnesota Pollution Control Agency (MPCA) and Department of Health.

### Workforce Development Committee

The Workforce Development Committee aims to positively impact the number of students pursuing engineering degrees and engage, retain, and cultivate an increasingly diverse membership within the organization.

Evolved.

Perfectly designed to thrive in its environment.  
Adaptable enough to evolve with the times.  
Building smart for a solid future. It's second nature at KLJ.

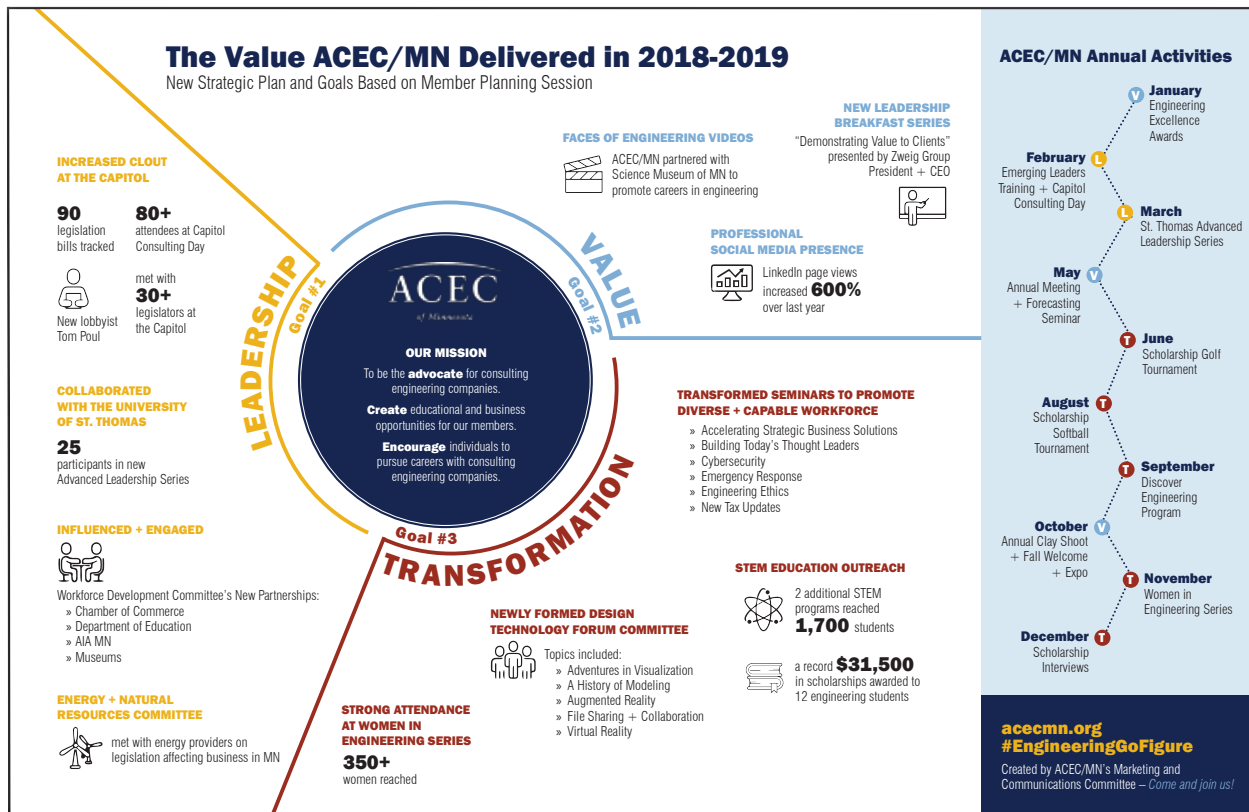

[KLJENG.COM](http://KLJENG.COM)

ENGINEERING, REIMAGINED

## Yearly Highlights

ACEC/MN's Marketing & Communications Committee created an infographics document for its members, which contains statistics and graphic images that highlight committee and board activities in the 2018-19 fiscal year that directly correlate to ACEC/MN's strategic plan and the association's initiatives. For a copy of this document please visit [www.acecmn.org](http://www.acecmn.org) or call 952-593-5533.

## Hello Progress

Through smart infrastructure and high-performance buildings, we're helping our clients push open the doors to what's possible, every day.

Minneapolis 763.591.5400  
[hdrinc.com](http://hdrinc.com)

## Event Highlights

From left to right: John Smith of Michaud Cooley Erickson, Randy Morris, former ACEC/MN lobbyist, and Dave Oxley of ACEC/MN at a retirement party for Randy on December 6, 2018 held at the Graduate Hotel in Minneapolis.

Christine Wiegert of HDR and Bill Bennett of LHB enjoyed the reception at the Annual Meeting on May 16 held at the new Bell Museum in St. Paul.

Nicole Zweig Daly of the University of St. Thomas and Teri Vogt of the Science Museum of Minnesota joined the many exhibitors during the Fall Welcome & Expo on October 10, 2018.

Although it dizzled, Don Sterma and Dustin Tipp of WSB still enjoyed the the 8th annual "Shoot for the PAC" fundraising event on October 2, 2019.

Many recipients of 2019-20 scholarships lended a hand at the golf tournament on June 16, 2019 at Oak Marsh Golf Course.

## Event Highlights

Seth Spychala of Clark Engineering shared the ASCE 2018 Infrastructure Report Card with attendees at Capitol Consulting Day on February 14, 2019. The report card was a great tool to educate legislators on our State's infrastructure funding needs.

The new President and CEO of ACEC National, Linda Bauer Darr, joined members on February 19, 2019 to discuss some of the changes happening at ACEC National.

Stefanie Massignan of American Engineering Testing, Inc. (also Co-chair of the Emerging Professionals Committee), and Mark Lukowski were excited to see who would take home awards at the Annual Meeting on May 16, 2019.

Ron Leaf of Kimley-Horn represented his firm on the golf course at the 2019 golf tournament. Kimley-Horn was the 2019 Title Sponsor.

Wendy Nemitz of Nemitz Enterprises presented on leadership in October of 2018 to kick off the Women In Engineering Professional Development Series, which continues to be a highly popular program.

## Grand Awards

The annual Engineering Excellence Awards (EEA) competition is designed to recognize excellence in engineering. The following projects received Grand Awards at the 53rd EEA Banquet held in January 2019 and were eligible to compete with award-winning projects from other states in the National ACEC Awards Competition. Please visit [acecmn.org](http://acecmn.org) for more information on the awards competition.

## Grand Conceptor & People's Choice Awards

### Grand Conceptor Award

The Grand Conceptor Award recognizes the top scoring project by the judging panel.

**Firm:** Short Elliott Hendrickson Inc. & Parsons Corporation

**Project:** St. Anthony Parkway Bridge Over BNSF Northtown Yard

**Location:** Minneapolis, MN

- 2014 Jacobs Engineering Group & TKDA
- 2015 Meyer Borgman Johnson
- 2016 Clark Engineering, Inc.
- 2017 HGA Architects and Engineers
- 2018 HDR & COWI

### People's Choice Award

The People's Choice is awarded to the firm that received the highest number of votes by attendees of the awards banquet.

**Firm:** LHB, Inc.

**Project:** The Promenade of Wayzata

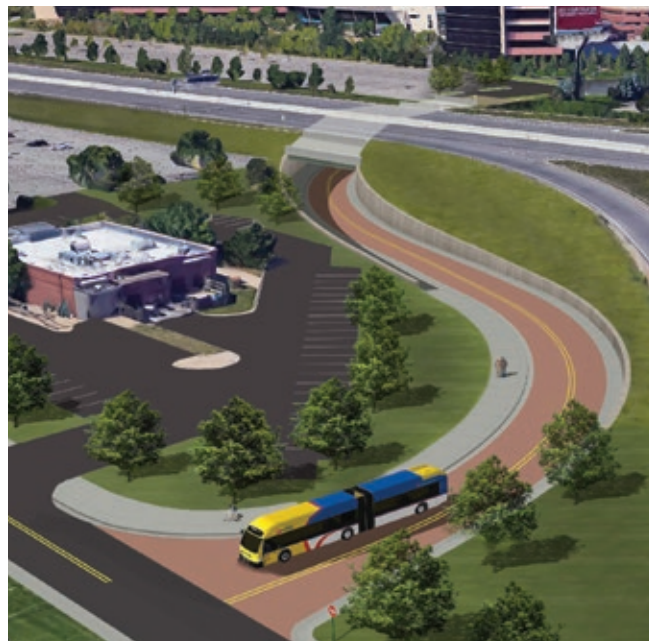

**Location:** Wayzata, MN

- 2012 American Engineering Testing, Inc. & Loucks Associates
- 2013 SRF Consulting Group, Inc.
- 2014 Braun Intertec
- 2015 Kimley-Horn
- 2016 Braun Intertec
- 2017 Stantec
- 2018 HDR & COWI

## Annual Meeting Awards

### Distinguished Service Award

The ACEC/MN Distinguished Service Award honors an individual or firm who has given countless hours of expertise to the association.

Melissa Langowski received the 2019 Distinguished Service Award from ACEC/MN President-Elect Sirish Samba of Sambatek.

- 2015 Jody Elam-Foote
- 2016 Ingenuity Marketing Group  
Jonathan Wacker
- 2017 Justin Schmidt
- 2018 Brad Hamilton
- 2019 Melissa Langowski

### Emerging Leader Award

The ACEC/MN Emerging Leader Award recognizes an ACEC/MN member still in the early stages of their career who has already contributed significantly to the association.

Vahid Raboodan of EVS (R) received the 2019 Emerging Leader Award from ACEC/MN President, Dan Larson of American Engineering Testing.

- 2013 Jonathan Wacker
- 2014 Bridget Osborn
- 2015 Tim Lamkin, Jr.
- 2016 Jake Turgeon
- 2017 Ricky Kirchner
- 2018 Eric McElrath
- 2019 Vahid Raboodan

### President's Award

The ACEC/MN President's Award is presented by the Board of Directors to an individual employed by an ACEC/MN member firm who has made a significant contribution to the association.

Dan Larson of American Engineering Testing presented Jon Wacker of HGA Architects and Engineers with the 2019 President's Award.

- 1991 Bob Rosene
- Dag Knudsen
- 1992 John Berner
- 1993 Jim Keller
- 1994 Bob DeGroot
- 1995 Stephanie Young
- 1996 Lisa (Lee) Breuer
- 1997 Doug Wolfangle
- 1998 Dwight Benoy
- 1999 Ken Adolf
- 2000 Wally Ouse
- 2001 Doug Differt
- 2002 Doug Cooley
- 2003 Cameron Kruse
- 2004 Richard Sobiech
- 2005 Terry Swor
- 2006 Doug Weiszhaar
- 2008 Lyndsey Alm
- 2009 Douglas Tholo
- 2010 Ted Field
- 2011 Randy Geerdes
- 2012 Bret Farmer
- 2013 Patrick Hughes
- 2014 Mark Bloomquist
- Eric Heiberg
- Holly Newman
- 2015 Gene Sieve
- 2016 Jody Elam-Foote
- 2017 Greg McCool
- 2018 Kim Deibel
- 2019 Jon Wacker

## Annual Meeting Awards

### Firm of the Year Award

The Firm of the Year award is presented to the ACEC/MN member firm that, through their activities, has made a significant contribution to the advancement of the association and the consulting engineering profession.

Representatives of Barr Engineering Co. celebrate their 2019 Firm of the Year Award.

1991	American Engineering Testing, Inc.
	Short Elliott Hendrickson, Inc.
1992	Mattson Macdonald Young, Inc.
	Braun Intertec Corporation
1993	BKBM Engineers

Phone: (651) 296-3000

Department of Veterans Affairs  
Commissioner: Larry Herke  
Phone: (651) 296-2562

## Minnesota Delegation

### US Senators

Amy Klobuchar  
302 Hart Senate Office Building  
Washington, DC 20510  
Phone: (202) 224-3244  
<http://klobuchar.senate.gov>

Tina Smith  
309 Hart Senate Office Building  
Washington, DC 20510  
Phone: (202) 224-5641  
<http://smith.senate.gov>

### US Representatives

District #1: Jim Hagedorn  
325 Cannon House Office Building  
Washington, DC 20515  
Phone: (202) 225-2472  
<http://walz.house.gov>

District #2: Angie Craig  
1523 Longworth House Office Building  
Washington, DC 20515  
Phone: (202) 225-2271

District #3: Dean Phillips  
1305 Longworth House Office Building  
Washington, DC 20515-2303  
Phone: (202) 225-2871

District #4: Betty McCollum  
2256 Rayburn House Office Building  
Washington, DC 20515  
Phone: (202) 225-6631

District #5: Ilhan Omar  
1517 Longworth House Office Building  
Washington, DC 20515  
Phone: (202) 225-4755

District #6: Tom Emmer  
315 Cannon House Office Building  
Washington, DC 20515  
Phone: (202) 225-2331

District #7: Collin Peterson  
2207 Rayburn House Office Building  
Washington, DC 20515  
Phone: (202) 225-2165

District #8: Rick Nolan  
2366 Rayburn House Office Building  
Washington, DC 20515  
Phone: (202) 225-6211

## resources

## Acronym Guide

### A

A/R	Accounts Receivable
AARP	American Assoc. of Retired People
AASHTO	American Association of State Highway & Transportation Officials
ABFE	Advisory Base Flood Elevation
ac/dc	Alternate Current, Direct Current
ACEC	American Council of Engineering Companies
ACI	American Concrete Institute
ACIP	American Cast In-place Piles
ADA	Americans with Disabilities Act
ADP	Automatic Data Processing
AELSLAGID	Minnesota Board of Architecture, Engineering, Land Surveying, Landscape Architecture, Geoscience and Interior Design
AFPA	American Forest and Paper Association
AGA	American Galvanizers Association
AHA	American Hardboard Association
AIA	American Institute of Architects
AICP	American Institute of Certified Planners
AISC	American Institute of Steel Construction (1921)
ISI	American Iron and Steel Institute
AITC	American Institute of Timber Construction
ALSC	American Lumber Standard Committee
ANSI	American National Standards Institute
APA	American Plywood Association
API	American Petroleum Institute
ASQ	American Society of Quality
ASCE	American Society of Civil Engineers
ASD	Allowable Stress Design
ASCII	American Standard Code for Information Interchange
ASI	Architectural Supplemental Instruction
ASLA	American Society of Landscape Architecture
ASME	American Society of Mechanical Engineers
ASNT	American Society of Non-destructive Testing
ASR	Alkali Silica Reaction
ASTM	American Society of Testing Materials
ATC	Applied Technology Council
AUAR	Alternative Urban Areawide Review
AWPA	American Wood Preservers Association
AWS	American Welding Society
AWWA	American Water Works Association

### B

BIM	Building Information Modeling
BFE	Base Flood Elevation
BIM	Building Information Modeling
BM	Bench Mark
BMP	Best Management Practices
BN	Bidding and Negotiations
BOM	Bill of Materials
BPF	Blows per Foot
BPR	Business Process Re-engineering
BSC	(California) Building Standards Commission
BWSR	Board of Water and Soil Resources

### C

C&E	Cause and Effect
CA	Construction Administration
CAC	Citizen Advisory Committee
CAD	Computer Aided Design

## Acronym Guide

CAE	Computer Aided Engineering
CAN	(OSHDP) Code Application Notice
CAR	Corrective Action Request
CASE	Coalition of American Structural Engineers
CBC	California Building Code
CBSC	See BSC
CCD	Construction Change Directive
CCR	California Code Regulations
CD	Construction Documents
CE	Carbon Equivalent
CEO	Chief Executive Officer
CERCLA	Comprehensive Environmental Response, Compensation and Liability Act
CFO	Chief Financial Officer
CFR	Code of Federal Regulations
CFS	Cubic Feet per Second
CHMM	Certified Hazardous Materials Manager
CIO	Chief Information Officer
CIP	Cast Iron Pipe
CISC	Canadian Institute of Steel Construction – 1930
CJP	Complete Joint Penetration
CLARB	Council of Landscape Architectural Registration Boards
CM	Construction Manager
CMP	Corrugated Metal Pipe
CO	Change Order
COB	Close of Business (also – EOB – End of Business)
COD	Cash on Delivery
COO	Chief Operating Officer
CPA	Certified Public Accountant
CPESC	Certified Professional in Erosion and Sediment Control
CPM	Critical Path Method
CPT	Cone Penetration Test
CPU	Central Processing Unit
CQC	Complete Quadratic Combination
CRSI	Concrete Reinforcing Steel Institute
CSA	Canadian Standards Association
CSAH	County State Aid Highway
CSD	Contract Sensitive Design
CSI	Construction Specification Institute
CSSBI	Canadian Sheet Steel Building Institute
CUREE	California Universities for Research in Earthquake Engineering
CWA	Clean Water Act

### D

DBE	Disadvantaged Business Enterprise
DBOO	Design Build Own Operate
DD	Design Development
DDLT	Demand During Lead Time
DDM	Direct Design Method
DFA	Design for Assembly
DFD	Data-Flow Diagrams
DIP	Ductile Iron Pipe
DMAIC	Define, Measure, Analyze, Improve, and Control
DNR	Department of Natural Resources
DOE	Department of Energy
DOE	Design of Experience
DRP	Distribution Requirements Planning
DSA	Division of the State Architect
DSO	Days Sales Out
DWSMA	Drinking Water Supply Management Area

## Acronym Guide

### E

EAP	Employee Assistance Program
EAW	Environmental Assessment Worksheet
EBF	Eccentricity Based Frame
EBIT	Earnings before Interest and Taxes
ECN	Engineering Change Notice
ECO	Engineering Change Order
ECR	Engineering Change Request
EEO	Equal Employment Opportunity
EFM	Equivalent Frame Method
EI	Employee Involvement
EIS	Environmental Impact Statement
EIT	Engineer-in-Training
ELC	Employee Learning Center
EP	Emerging Professional
EPA	Environmental Protection Agency
EPC	Engineering Procurement Construction
ESC	Executive Steering Committee
ESI	Engineer's Supplemental Instructions

### F

F/I	Furnish and Install
FADR	Foundation Analysis Design Recommendations
FCAW	Flux Cored Arc Welding
FDC	Field Design Change
FE	Fundamentals of Engineering
FEMA	Federal Emergency Management Agency
FIRM	Flood Insurance Rate Map
FIS	Flood Insurance Study
FM	Factory Mutual
FMBA	Financial Management and Business Analysis
FRA	Federal Railroad Association
FRC	Fiber Reinforced Concrete
FWD	Falling Weight Deflection

### G

GC	General Contractor
GFRC	Glass Fiber Reinforced Concrete
GMAW	Gas Metal Arc Welding
GIS	Global Information System
GIT	Global Information Technology
GMP	Guaranteed Maximum Price
GOST	Goals, Objectives, Strategies, Tactics
GPM	Gallons per Minute
GPS	Global Positioning System

### H

HACCP	Hazard Analysis and Critical Control Points
HazMat	Hazardous Materials
HAZWOPER	Hazardous Waste Operator
HDPE	High Density Polyethylene
HMI	Human Machine Interface
HR	Human Resources
HRM	Human Resources Management
HRSG	Heat Recovery Steam Generators
HSS	Hollow Structural Sections
HVAC	Heating, Ventilation, Air-condition
HWL	High Water Level

## Acronym Guide

### I

IACET	International Association for Continuing Education and Training
IAS	International Accreditation Service
IBC	International Building Code
ICBO	International Conference of Building Officials
ICC	International Code Council
ICC	International Chamber of Commerce
ICC-ES	International Code Council - Evaluation Service
ICRI	International Concrete Repair Institute
ID	Inside Diameter
IE	Invert Elevation
IFI	Industrial Fasteners Institute
IIE	Institute of Industrial Engineers
IMF	Intermediate Moment Frame
IMS	Integrated Management System
IRR	Internal Rate of Return
ISO	International Standards Organization
IT	Information Technology

### J

JD	Juris Doctor
JIT	Just in Time
JUSE	Japanese Union of Scientists and Engineers

### K

KM	Knowledge Management
----	----------------------

**Global** expertise with a  
commitment to **Minnesota**

[www.wsp.com/usa](http://www.wsp.com/usa)

OFFICE LOCATIONS IN MINNEAPOLIS AND DULUTH

## Acronym Guide

### L

LAN	Local Area Network
LCCMR	Legislative-Citizen Commission on Minnesota Resources
LEED	Leadership in Energy and Environmental Design
LID	Low Impact Development
LGA	Local Government Aid
LGU	Local Governing Unit
LOB	Line of Balance
LRFD	Load and Resistance Factor Design
LRRB	Minnesota Local Road Research Board
LSL	Laminated Strand Lumber
LSL	Lower Specification Limit
LT	Lead Time
LVL	Laminated Veneer Lumber

### M

MADR	Materials Analysis Design Recommendations
MBMA	Metal Building Manufacturers Association
MCL	Maximum Contaminant Level
MDH	Minnesota Department of Health
MDR	Master Data Record
MECA	Minnesota Erosion Control Association
MIA	Masonry Institute of America
MIS	Management Information Systems
MnAFPM	Minnesota Association of Floodplain Managers
MnDOT	Minnesota Department of Transportation
MOU	Memorandum of Understanding
MPCA	Minnesota Pollution Control Agency
MRP	Money Resource Planning
MSDS	Material Safety Data Sheet
MSPE	Minnesota Society of Professional Engineers
MTG	Meeting
MUSA	Metropolitan Urban Service Area

### N

NACEI	National Association of Corrosion Engineers International
NAHB	National Association of Home Builders
NAVD	North American Vertical Datum (1988)
NAVFAC	Naval Facilities Engineering Command
NAWBO	National Association of Women Business Owners
NBCC	National Building Code of Canada
NCARB	National Council of Architectural Registration Boards
NCEES	National Council of Examiners for Engineers and Surveyors
NDC	Notice of Design Change
NDT	Non Destructive Testing
NEC	National Electrical Code
NEHRP	National Earthquake Hazards Reduction Program
NFPA	National Fire Protection Association
NGVD	National Geodetic Vertical Datum (1929)
NIST	National Institute of Standards and Technology
NIST	National Institute of Science and Technology
NOAA	National Oceanic and Atmospheric Administration
NOI	Notice of Intent
NOT	Notice of Termination
NPDES	National Pollutant Discharge Elimination System
NPV	Net Present Value
NRCC	National Research Council of Canada

## Acronym Guide

NRMCA	National Ready Mixed Concrete Association
NSF	National Science Foundation
NURP	Nationwide Urban Runoff Program
NWI	National Wetland Inventory
NWL	Normal Water Level

### O

OD	Outside Diameter
OHWL	Ordinary High Water Level
OJT	On the Job Training
OMRF	Ordinary Moment-Resisting Frame
OPA	OSHPD Pre-Approval
OS/D	Over, Short, or Damaged
OSHA	Operational Safety and Health Administration
OSHPD	Office of Statewide Health Planning and Development
OT	Overtime

### P

PA	Product Acceptance
PAC	Political Action Committee
PC	Plan Check
PCA	Portland Cement Association
PCI	Pre-cast and Pre-stressed Concrete Institute
PE	Professional Engineer
PERT	Program Evaluation and Review Technique
PG	Professional Geologist
PI	Personal Involvement
PIP	Public Involvement Period
PLC	Programmable Logic Manager
PLS	Professional Land Surveyor
PM	Preventative Maintenance
PM	Project Management
PO	Purchase Order
POC	Point of Contact
POM	Production and Operations Management
POP	Proof of Purchase
POS	Point of Sale
PPM	Parts per Million
PR	Proposal Request
PRES	President
PRV	Powered Roof Ventilator
PRV	Pressure Reducer Valve
PSI	Pounds per Square Inch
PTI	Post Tensioning Institute
PTO	Paid Time Off
PTOE	Professional Traffic Operations Engineer
PVC	Polyvinyl Chloride
PWI	Public Waters Inventory

### Q

Q&A	Question and Answer
Q&E	Qualifications and Experience
QA	Quality Assurance
QC	Quality Control
QWL	Quality of Working Life
QBS	Qualifications Based Selection

## Acronym Guide

### R

RBS	Reduced Beam Section
RCP	Reinforced Concrete Pipe
RCSC	Research Council on Structural Connections
RE	Rim Elevation
RFCOP	Request for Change Order Pricing
RFI	Request for Information
RFP	Request for Proposal
RFQ	Request for Quote/Qualifications
RLA	Registered Landscape Architect
RMP	Resource Management Plan
ROA	Return on Assets
ROI	Return on Investment
ROR	Rate of Return

### S

SAW	Submerged Arc Welding
SBU	Strategic Business Unit
SCADA	Supervisory Control and Data Acquisition

## Mentoring Matters: Shaping the Future of Engineering

The process of developing skills to become a consulting engineer is multi-faceted. It takes a solid educational background, followed by on-the-job training, such as internships and mentorships. Engineering students typically graduate with basics of the field they have studied but understanding how their training should be applied takes time to develop.

Internships give students an opportunity to "try on" a particular area of practice and to experience how a firm operates. Internships can set the career direction for young engineers by providing direct real-world experience when they graduate from college but once out of school, getting emerging engineers up to speed takes effort from hiring firms to help them move forward and excel in the profession.

Mentoring is key to passing on knowledge and can aid emerging engineers in establishing career paths. ACEC/MN's scholarship program has become two-fold and was redesigned with mentoring in mind. Students are now assigned to a mentor after they receive a scholarship, before they graduate. Three-time ACEC/MN scholarship recipient and ACEC National scholarship winner, Rena Weis, is an example of a student who has benefited greatly from mentorships beginning in college.

ACEC/MN's scholarship program has become two-fold and was redesigned with mentoring in mind. Students are now assigned to a mentor after they receive a scholarship, before they graduate. Three-time ACEC/MN scholarship recipient and ACEC National scholarship winner, Rena Weis, is an example of a student who has benefited greatly from mentorships beginning in college.

"Once I got involved with engineering, I crossed paths with so many amazing people, many of whom influenced my

*"A mentor is someone who sees more talent and ability within you, than you see in yourself, and helps bring it out of you."*

Bob Proctor

Civil Engineering

**Thanks to our supporters  
and contributors, ACEC/MN  
awarded 12 scholarships  
totaling \$31,500 this year.**

## Scholarship Endowment Fund

In 2010, ACEC/MN and affiliate member Hiway Federal Credit Union® (Hiway) created a joint endowment strategy designed to sustain funding for the ACEC/MN scholarship program. A goal of \$100,000 was set.

Hiway launched the 10-year endowment effort with an initial contribution of \$5,000, and ACEC/MN matched that amount. We are now beyond the halfway point in the initiative, over \$73,000, with very positive results.

The development of this fund meets two important scholarship committee goals: the first being the creation of a self-sustaining source for scholarship funds, and the second being a way to make participation in that funding source easily accessible to all member firms and their employees.

Hiway's endowment donations are triggered by credit union financial transactions, such as loans or deposits, by ACEC/MN member firms or their employees. Hiway's annual contributions have been between \$1,000 and \$5,000, and Hiway has committed to a maximum contribution of \$20,000 within a given year. The larger the value of the ACEC/MN member loans and deposits with Hiway, the greater the endowment contribution.

The endowment fund provides a way for ACEC/MN members to play an active and impactful role in supporting and sustaining our scholarship program. To learn how you can support the ACEC/MN Scholarship Endowment by becoming a Hiway member, call Mark Hodowanic at 651.259.6456 or [mhodowanic@hiway.org](mailto:mhodowanic@hiway.org).

# We're with you on the road of life.

Hiway Federal Credit Union® (Hiway) is dedicated to helping Minnesota's engineering professionals build a strong financial foundation. We offer a wide variety of banking services and loans to help you borrow for a vehicle or home, grow your business, save for a family vacation, consolidate debt and much more. ## How To Use This Directory

Below is an example of the listing format:

Firm Name	Black & White, Inc.	(30)	Number of Employees in the Firm
Address	1234 Anywhere St. Home Office, MN 55000 (612) 123-4567 http://www.black&white.com		Principals within the Firm
Phone Number	info@black.com		Field of Practice: Engineering Fields Practiced by the Firm
E-Mail and Website Addresses	PRINCIPALS: Tom Black, Bob White FIELD OF PRACTICE: Civil, Mechanical ACTIVITIES: Full service engineering firm providing civil and mechanical engineering services to public and private clients.		Activities: Detailed Description of Firm's Activities

- 1) To find a firm with one or more designated specialties, refer to the Specialty Services list that begins on page 52 and the Fields of Practice matrix on page 53.
- 2) To find a specific firm, use the alphabetical firm listing that begins on page 55.
- 3) To find a specific principal associated with a firm, refer to the listing of Partners and Principals that begins on page 89. For additional information about the firm, refer to the alphabetical listing.

## Speciality Services

ACEC/MN firms are qualified to provide professional services in one or more of the fields listed below. Assistance in locating and contacting firms providing any of these specialties will be furnished upon request.

Civil Engineering	Geotechnical Engineering	Structural Engineering
Dams and related structures	Foundation studies	Structural analysis/building design
Highways/streets/bridges	Geological investigations	Parking structures
Urban and site planning	Groundwater investigations	Bridges
Recreational facilities	Soil investigations and testing	Retaining walls
Drainage systems	Soil and rock mechanics	Foundations

## Firm Listings

### AE2S (Advanced Engineering & Environmental Services, Inc.)

Water Tower PI Business Ctr.  
6901 East Fish Lake Rd, Ste 184  
Maple Grove, MN 55369  
Phone: (763) 463-5036  
Website: <http://www.ae2s.com>  
Email: [andrea.boe@ae2s.com](mailto:andrea.boe@ae2s.com)

4170 28th Avenue South      4050 Garden View Dr, Ste 200  
Fargo, ND 58104              Grand Forks, ND 58201  
Phone: (701) 364-9111      Phone: (701) 746-8087

3101 Frontage Rd S  
Moorhead, MN 56560  
Phone: (218) 299-5610

**PRINCIPALS:** Grant Meyer, PE; Eric Dodds, PE

**FIELDS OF PRACTICE:** Environmental (Water and Wastewater), Civil, and Electrical

**ACTIVITIES:** AE2S is a specialized civil/environmental consulting engineering firm that primarily provides water, wastewater, and water resources system consulting services (representing approximately 90 percent of our business). In addition, we also provide value-added services such as financial analysis and utility rate planning (AE2S completes an Annual Utility Rate Survey for Cities in the Upper Midwest), funding development, vulnerability assessments, modeling, instrumentation and controls, information technology, and asset management. Among our offices in MN, ND, and MT, AE2S has a staff of approximately 175 engineers, instrumentation and controls technicians, civil technicians, surveyors, financial analysts, computer programmers, and administrative personnel.

### AECOM

800 LaSalle Ave., Suite 500  
Minneapolis, MN 55402  
Phone: (612) 376-2000  
Website: <http://www.aecom.com>  
Email: [info@aecom.com](mailto:info@aecom.com)

**PRINCIPALS:** Michelle Julius; Richard P. Wolsfeld; Rich Lay; Dan Meyers; Daryl Beck; Mark Ryan; Daryl Taavola; Jeff Rhoda

**FIELDS OF PRACTICE:** Buildings & Places (Architecture & Interiors), Environment, Transportation, and Water / Wastewater

(23) **ACTIVITIES:** AECOM's local office specializes in buildings & places, environment, transportation, and water businesses. Experience includes, but is not limited to, transportation design, bridge design, water and wastewater design. Environmental engineering and consultation: Phase I and II environmental site assessments, remedial investigation, remedial corrective action design, toxicology, hydrology, hydraulics, hydrogeology, drinking water, wastewater, water reuse, groundwater studies and sampling, stormwater, wetland delineation and mitigation, underground and above-ground storage tanks, air quality, spill response plans, septic system design, evaluations and improvement. Project management, construction management and oversight. Architectural, interior design, and planning for commercial, corporate, educational, sports, health care and local/federal governmental fields. Master planning, feasibility studies and programming for facilities and operations.

### AKF Group LLC

250 South Marquette Ave  
Suite 1350  
Minneapolis, MN 55401  
Phone: (612) 354-2442  
Website: <http://www.akfgroup.com>  
Email: [AFKMN@akfgroup.com](mailto:AFKMN@akfgroup.com)

**PRINCIPALS:** Deborah Reider, PE

**FIELDS OF PRACTICE:** Mechanical, Electrical, Fire Protection Engineering, Energy Modeling, Commissioning, Code Consulting, IT Technology, Security, A/V, Lighting Design

**ACTIVITIES:** AKF Group LLC is an award-winning professional services firm providing professional services firm providing engineering, code consulting, fire and smoke modeling, commissioning, testing, IT infrastructure consulting including security, A/V and technology, sustainability and lighting design services. Established in 1989, the firm serves clients in the private and public sectors including corporate, critical systems, cultural, educational, healthcare, hospitality, residential, retail, and science and technology projects. Headquartered in New York with additional offices throughout the US and Mexico, AKF is built on maintaining long-term relationships with clients, providing innovative sustainable designs, translating engineering opportunities into total, practical and effective solutions that exceed our clients' expectations. AKF operates as a single firm-wide team providing our clients access to the firm's total pool of knowledge and skills.

**PRINCIPALS:** Hollis Linehan

**FIELDS OF PRACTICE:** Security, IT, A/V, MEP

**ACTIVITIES:** Faith Group, LLC was established in 2004 as a full-service consulting and engineering firm specializing in the planning and design of security, IT, safety, operational and MEP/FP systems for federal, municipal, aviation, transportation, commercial, housing, large campus environments and critical infrastructure projects. The firm provides a full-range of services that include developing security and IT master plans, system design documents, requests for proposals, system testing, construction phase services and commissioning. Since its inception, Faith Group has provided these services for more than 600 projects and 200 clients across North America and internationally. In addition to providing quality systems engineering, Faith Group focuses on planning for the operational and business processes that must be identified prior to designing and applying security and technology to a facilities environment. By working with clients up front in this critical part of the process, Faith Group provides 'as-is' and 'to-be' business analysis coupled with sound engineering practices in order to meet the varied needs of its clients. At the core, Faith Group helps clients develop a new vision for the future and the tools required to help the client meet their new agenda. Founded in 2004, Faith Group is comprised of highly-skilled professionals, most with more than 20 years of hands-on experience ranging from all aspects of operations to security, information technology, safety and command control systems planning and design. Faith Group is headquartered in St. Louis, MO with regional offices in Atlanta, GA, Gaithersburg, MD, Los Angeles, CA, Minneapolis, MN, Orlando, FL and Philadelphia, PA.

### GHD Services, Inc.

1801 Old Hwy. 8 N.W., #114

St. Paul, MN 55112

Phone: (651) 639-0913

Website: <http://www.ghd.com>

Email: [shawn.horn@ghd.com](mailto:shawn.horn@ghd.com)

**PRINCIPALS:** Shawn Horn, Ron Frehner

**FIELDS OF PRACTICE:** Civil, Environmental

**ACTIVITIES:** Environmental and civil engineering for assessment and remediation of hazardous wastes and hazardous materials problems. Services include facility assessments (Phase I & II), environmental investigations, feasibility studies, risk assessments, cost estimates, engineering design, toxicology, air emissions surveys and permitting, water and wastewater engineering, solid waste management and facility engineering, preparation of plans and specifications and construction supervision. Asbestos and PCB surveys and remediation also conducted. Services also include state voluntary clean-up projects, brownfield redevelopment and risk-based corrective action evaluations and implementation.

### GRAEF

120 South Sixth Street, Suite 1220

Minneapolis, MN 55402

Phone: (763) 898-4185

Website: <http://www.graef-usa.com>

**PRINCIPALS:** Jon Schwichtenberg

**FIELDS OF PRACTICE:** Civil, Structural, Environmental Transportation, Bridge, MEP, Construction Engineering, Industrial, Architecture & Industrial Architecture, Landscape Architecture, Operations, Planning, Aviation and Land Surveying

**ACTIVITIES:** At GRAEF, a full-service engineering, planning, and design firm, we pride ourselves on providing tailored engineering and design solutions for you, our clients. Our mission is to improve the physical environment for the benefit of society in a sustainable manner. As engineering consultants, we focus on your needs and objectives, with the goal of improving your business increasing your success! We have the ability and drive to solve the toughest design challenges, allowing you to reach your goal. However, GRAEF is more than just a business. We are committed to our communities and our employees. At GRAEF, we invest in our staff as we do our clients, providing a challenging and rewarding environment where everyone can grow both personally and professionally.

**FIELDS OF PRACTICE:** Structural

**ACTIVITIES:** Meyer Borgman Johnson (MBJ) is a sole discipline structural engineering firm in business since 1955, with offices in Minneapolis, Rochester, Duluth, Green Bay, and Phoenix. We serve a diverse national and international clientele, based on a culture of partnership, integrity, and expertise. Our staff of 90+ people ensures the ability to appropriately staff projects of all sizes and complexities. Structural services we provide include structural design and analysis, construction documents, field observation, feasibility studies, special inspections, condition surveys, forensic assistance, and others. We work with all types of structural materials and methods, as well as all delivery methods, from traditional to design build, including complex, phased projects requiring multiple bid packages. We stress early integration of structural design with overall planning to help eliminate costly changes later in the project and to enhance constructability and best-value for the owner. As an early adopter of 3D modeling, MBJ is able to provide highly skilled Revit modelers, who fully comprehend the 3D design environment and its uses.

### Michael Baker International

**PRINCIPALS:** Sirish Samba, PE; Erik Miller PE; Mark Anderson, PE

**FIELDS OF PRACTICE:** Civil Engineering, Land Surveying, Planning, Landscape Architecture, Environmental Engineering, Energy

**ACTIVITIES:** Sambatek, Inc., formerly McCombs Frank Roos Associates, Inc. (MFRA), is a Twin Cities-based professional services firm that specializes in engineering, surveying, planning, and environmental services. Since opening our doors in 1966, we've forged partnerships with public and private entities in the areas of Land Development, Government Services, Transportation/Transit, Water, and Energy.

(3) We're a vibrant organization that believes integrity, value, and outstanding service are the foundations of a great company. We employ some of the brightest and most energetic professionals in the industry. But most of all, we're known for being creative, responsive, and always up for the challenge. Our multidisciplinary approach means we can support projects of any size, from basic concepts through final construction. Working with you to improve the places in which we live, work, and play is where we shine and you succeed.

engagement? Need help with  
recruitment and retention? Find  
out if an employee stock  
ownership plan (ESOP)  
is right for you!

## The Sign of a Great Conversation?

When one cup isn't enough.

Great business relationships are not born overnight. They are built on a foundation of trust that comes from a mutual understanding of goals and objectives. Your CPA firm should know you and your business, provide year-round attention, and adapt to meet your needs. So how do you find that relationship?

The conversation starts here.

We listen. We solve.®

## CELEBRATING 75 YEARS OF EXCELLENCE

This year, Ulteig's employee-owners are proud to celebrate a legacy of service that began 75 years ago. From the beginning, we have relied on our strength in generating connections to create reliable solutions for our clients and the communities they serve.

We're positioning ourselves to thrive for many years to come by pursuing inventive ways to advance the Power, Renewables, Transportation and Water Lifeline Sectors®, while ensuring that we preserve our uncompromising commitment to listen and to solve.
