

AMERICAN COUNCIL OF ENGINEERING COMPANIES
of Minnesota

March 13, 2020

Attention: ACEC Members and Non-Members

In response to the COVID-19 pandemic, the American Council of Engineering Companies of Minnesota, through its Board of Directors, has made the decision to suspend all in-person meetings and events for 30 days.

During this time period we will be monitoring the state and federal response to the crisis and will keep you informed of changes that impact ACEC/MN services. Staff is working diligently to reschedule events and implement technology that will allow for online meetings and events to be held during the suspension.

Please monitor your e-mail and ACEC/MN's social media accounts for updates.

Best regards.

Sirish Samba, PE
President
ACEC/MN Board of Directors

Jonathan Curry
Executive Director
