## Preliminary EEA entry process (due 10/5)

Like last year, ACEC/MN is using an online submission form to streamline the entry process

Here's what you need to apply:

- Project name, location, date of completion, and client name
- A brief project description, not to exceed 125 words
- One digital image, drawing, or artist rendering, table/chart, or report that indicates the nature of the project or achievement (digital image, format as JPEG, CMYK at 300 dpi)

## Final EEA entry process (due 10/26)

As in recent years, we are using the ACEC National website for final entries - details for required documents are outlined once you start your submission as well as in our Guidelines document.
