

ACEC Minnesota

Validated Parking Instructions & Directions to Training Center:

Parking for in-person attendees will be validated for the World Trade Center Parking Ramp, located at 477 Cedar St, St Paul, MN 55101 – [here is a map link for the parking ramp](#). Entrances to the parking ramp are available from both Cedar St. and Wabasha St. (see the green lines in the map below). Other parking options are available in this area but are unfortunately not available for validation for this meeting.

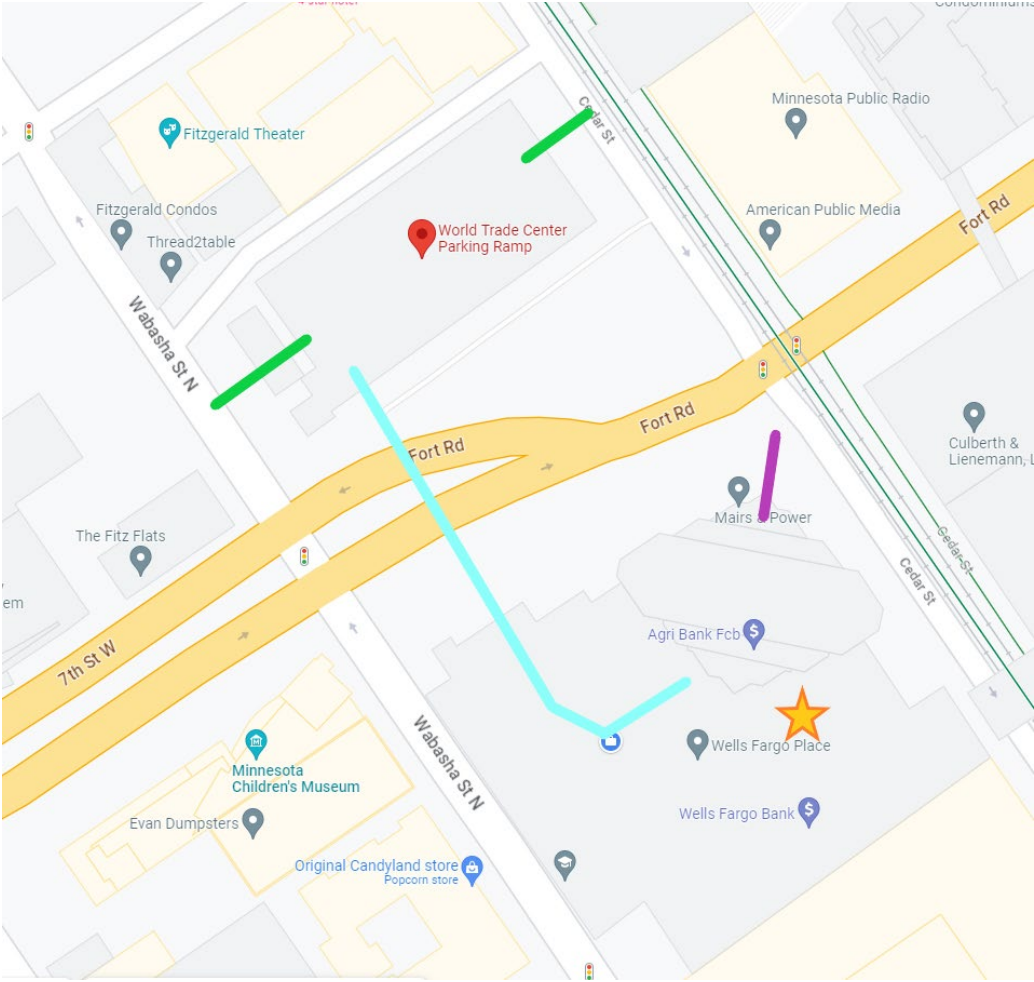

The World Trade Center Ramp is connected on Floor 3 by skyway to the Wells Fargo Place Building, see the blue line in the map below. You may also enter the building at street level after crossing E 7th Street (Fort Rd.) and entering through the doors at the corner of Cedar St. & E 7th St (see the purple line on the map below). *Please note, the elevator for floors 3-10 at this ramp is currently out of order, but there is an active elevator that reaches floors 1-3 and A-D (A-D are below ground level).*

Our Training Center is located on the ground floor on the East side of the three story atrium. For those entering through the skyway, you will need to take the elevator or escalators down to the ground floor of the atrium. For those entering at street level, proceed through the elevator lobby and you will reach the ground floor of the atrium space. **The approximate location of the Training Center is shown with a star on the map below.**

When parking in the World Trade Center Parking Ramp, enter as you would normally and hold on to your entry ticket. At the meeting, ACEC/MN staff will hand out parking vouchers that can be used in the place of payment. When leaving the meeting, please drive to your preferred exit to the ramp and then insert your original ticket from the ramp. When asked for payment, please insert the card given to you by ACEC/MN staff, which will take care of your payment.
