

Career Depot

On-line portal for scholarships, internships, entry level jobs and more!

New tools to help area high school students gain skills, get their first jobs and find scholarships to train for their future career.

The **Bridges Career Depot** offers useful resources, like links to ISEEK, lists of college programs, average wages, videos with interviewing tips, and more. The most unique feature of the Career Depot is the *high-school exclusive jobs search*.

This is an easy-to-use database of opportunities available in Central Minnesota. Students may search by industry (ie: IT, finance), by community, or by opportunity (internship, paid positions, scholarships, etc.). A listing of offerings will be displayed with links to the business or organization with more information.

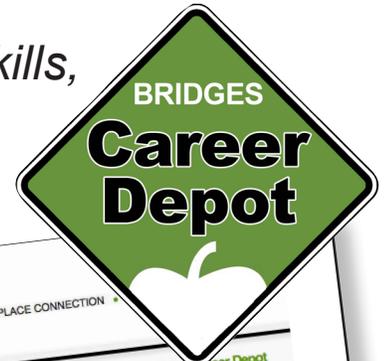

All postings also feed to the Bridges Facebook page.

As a Bridges partner, it's FREE to list your job postings and have a Business Listing within the Career Depot!

To submit your jobs, simply complete the online job posting form at www.BridgesConnection.org/Jobs. Then on the right side of the page, follow the link to the "Add a Job Posting".
