**Supplier Diversity
Champion**

2021
Business & Community
**EXCELLENCE
AWARDS**

Nominated Business: **PepsiCo**

DETAILS

PepsiCo is committed to developing a robust supplier base that includes diverse-owned businesses who provide quality goods and services. Supplier diversity is an integral part of PepsiCo's goal of being the best in the industry. Certified, diverse suppliers who can bring innovation and value to the supply chain are encouraged to register in the supplier portal. This portal also serves as a way for PepsiCo employees to review the capabilities of registered suppliers and reach out to them directly. In addition, PepsiCo leverages its membership advocacy groups to seek out and meet prospective diverse suppliers.

In 2020, PepsiCo's diverse supplier spend was more than \$1.6 billion in the United States. This includes Tier 2 spend reported by non-diverse suppliers, further demonstrating PepsiCo's commitment to expanding engagement of diverse suppliers in its supply chain.
