

Essential News

Greetings!

Last week, we told you about the broad Covid-19 Business Coalition the Salinas Valley and Monterey Peninsula Chambers have helped build. With input from ag, tourism, hospitality and more, our primary goal is to assist the County with making plans to allow businesses to re-open gradually. On Friday, we forwarded the first draft of that plan to the County: It's called "[Plan for Restoring Commerce While Protecting Lives](#)." Salinas Valley Chamber CEO Paul Farmer will talk about that plan on 5/15 at the Business Council's [free webinar](#). (See more details below).
