Greetings!

Monterey County must get our Covid-19 testing numbers up! To be able to reopen per state criteria, Counties need to meet certain widespread testing metrics as one of the hurdles in the State's "attestation process" so this is a key factor in our plan for recovery.

There is no out of pocket cost for anyone receiving testing and the State will cover the full cost for anyone without insurance. Click on the flyer for details including the location of Community Testing Sites.. Testing is by [appointment only \(link\)](#). (Nota: aqui puede ver la [misma informacion en Espanol.](#))
