

As funeral professionals we have been asked by several people in our community how we will continue to serve our families. The families that we serve are always our top priority. We want to assure you that we are staying up to date with the changing information we receive everyday from public health officials and government agencies.

For families that experience the loss of a loved one, Daniel Funeral Home will remain prepared 24/7 to serve your family at your time of loss. We will continue to care for your loved one as usual and will follow the guidance and regulations from the Missouri Department of Health.

Our government officials, both federal and state, have advised that all public gatherings be limited to 10 persons or less in dealing with the COVID-19 crisis. We take this pandemic emergency very seriously and are committed to following those recommendations.

We will make every effort to accommodate families in making arrangements and conducting services in any capacity needed to ensure the safety of our community and of our staff while honoring their loved one. We thank you for your patience as we work to safeguard the wellness of everyone who enters our doors.

For the safety of all, until the authorities lift the restrictions, we are implementing the following:

- *Meet with limited family members (1-3) to make arrangements.
- *Visitations will not be offered at this time.
- *Services in our chapel (or a Church) will be limited to 10 ten people.
- *Graveside services at the cemetery are suggested.
- *A memorial service may be held at our chapel at a later date.

Cremation services will follow the same guidelines as outlined above.

Daniel Funeral Home has been there for our community during difficult times, and we stand ready to help in any way that we can. If you have any questions or concerns, please don't hesitate to contact us. Rest assured, we will continue to serve your family with dignity and respect through these uncertain times.

Sincerely,

Dan and Kathy Howard – Owners
Roger and Catherine Hibdon
