

Florida Retired Educators Association

MEMBERSHIP GRANT PROPOSAL

General Information

The purpose of these grants is to aid in funding new ideas for increasing membership.

Every unit who applies may receive a grant if the requirements are met.

Grants will be funded for up to \$75 for units of 50 or fewer members; up to \$100 for units of 51 or more members; and up to \$150 for units of 150 or more. Smaller amounts may be requested.

The money is intended for public relations (spreading awareness); hosted events; production or purchase of new recruitment materials or hand-outs; fresh creative ideas not identified but with the potential to increase membership.

It is not intended for purchase of food, or items for current members with the possible exception of rewards for successful recruitment.

A budget must be provided and subsequently receipts submitted detailing actual costs. Simple records demonstrating the effectiveness of the project must be submitted and a plan to track the effectiveness must be included in the grant.

The President of the unit does not have to be involved in the conduct of the grant, but must sign off as supporting the grant. A unit may submit up to three different applications, but in most circumstances only one grant per unit will be awarded.

Creativity, a well thought-out implementation plan, and potential for success will be the key elements in determining award of a grant. A three-person team will determine the award.

Grants may be submitted and awarded between July 1 and March 1. The attached form must be completed in its entirety.
