Calling all employers who are working to diversify their workforce!

Join us for EMPOWER!, a virtual career fair in Texas connecting transgender, gender diverse, and intersex (TGI) job seekers to career opportunities!

Recently, the Chamber Foundation and Chamber and Trans Can Work, a leading trans-led organization that focuses on connecting transgender, gender diverse, and intersex (TGI) job seekers to career opportunities, signed an MOU to collaborate to support economic empowerment for the TGI community.

We are launching the partnership with a virtual state-of-the-art career fair hosted by Trans Can Work for transgender, gender diverse, and intersex (TGI) job seekers on September 28, 2022.

EMPOWER! is one of the only virtual hiring events of its kind, aimed exclusively at economically empowering the TGI community. Trans Can Work uses the state-of-the-art career fair platform, Brazen, to directly connect TGI job seekers with employers who are committed to transforming their workplaces so TGI people can succeed at all levels. The organization has hosted virtual career fairs across the country for the TGI community.

Employers will be able to meet directly with TGI job seekers, jump into breakout rooms for group discussions or 1:1 interviews, as well as live chat. You can even hire on the spot!

TCW provide your team training on the state-of-the-art career fair platform Brazen as well as assistance in setting up your customizable booth with your company's branding. At every participation level, employers will also get a 30 minute TGI 101 training to set you up for success with TGI job seekers.

While the national unemployment rate has dropped to 3.9%, TGI people experience unemployment at four times the rate of the general population.

Chamber Members & Corporate Partners receive a 25% discount on any EMPOWER! sponsorship level.
