Re: Required vaccine reporting for all staff and residents

All Long-Term Care Facilities,

Pursuant to page one (1) of the "Visitation and Activity Guidance for Nursing Homes and Assisted Living Facilities", updated on June 4, 2021 and made available on June 9, 2021, all licensed nursing homes and assisted living facilities must report their weekly vaccination totals every Monday by 5:00 pm using the designated state survey money link. All required facilities that have not reported weekly vaccination totals will have until June 30th by 5pm to submit your staff and resident vaccination data for the weeks of June 14th, 21st, and 28th. Failure to comply with this requirement may result in civil administrative penalties available at law.

Thank you,

Christopher Burmeister, Director
Division of Health Improvement
Department of Health
