## ZOOMING THROUGH 2021

We can't believe it's already March! Who else feels like we've been "Zooming" through 2021? (Pun intended).

Even through a tumultuous and unprecedented 2020, CBIA PWB's Immediate Past Chair, Mitu Walia (Klein Financial Corp.) lead Council 0500 to victory as NAHB PWB's Small Council of the Year! Following this great accomplishment, Allison Paul (Zonda) and Linda Hebert (Diversified Marketing and Communications) teamed up as co-chairs to help CBIA PWB "Lead the Way to Home".

This year, we need all hands on deck to help strengthen membership, set new educational goals, award scholarships, give back to students in workforce training, and support legislation positively impacting the industry.

We hope you will join us in making PWB better than ever before. Cheers to conquering 2021!

## CBIA UPDATE: WE NEED "HOUSING FOR ALL"

Based on feedback from our builders around the state, we have compiled a series of legislative proposals aimed at relieving the state's ever-growing housing affordability crisis. We urge the state Legislature to take action on these issues immediately, as it's time once and for all to have housing for all.
