

For a better quality of life.

YOUR BLUEPRINT FOR THE HBA

An overview of the benefits to HBA of Metro Denver Membership

Align with Influence in the Home Building Industry

As the **collective voice of our industry**, one of the HBA's commitments to members is to **defend the home building industry** against harm in our eight-county, 32-municipality region. As a member of the HBA, you have representatives with your best interests in mind, and when issues arise, they are there to fight for you. Plus, the Metro Housing Coalition, HBA's political action committee, vets and supports both local and statewide candidates with the goal of **supporting a vibrant and affordable housing industry**.

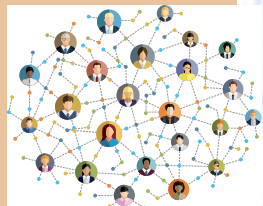

Stay Up to Date with Your Professional Education

The **HBA University** offers professional designations and continuing education programs for every member of your staff. These educational programs include sales, marketing, construction, management principles and general business.

Network to Build Valuable Relationships

From big events, such as Builder Product Expo and the Parade of Homes Industry Night, to smaller get-togethers like barbeques and breakfasts, the HBA offers you a **wide range of networking opportunities that help you to build strong, long-lasting relationships**.

Cash in on Member Benefit programs

By joining the HBA, you automatically become a member of the CAHB and the NAHB. This provides you with more opportunities to take advantage of deep discounts on services that are vital to running your business. **These members-only benefits include building materials rebates, general liability, workers' compensation insurance, cell phones, IT services, office supplies, payroll, HR services, and more.**

Three-for-One Membership

When you join the **HBA of Metro Denver**, you automatically become a member of the **Colorado Association of Home Builders** — the CAHB — and the **National Association of Home Builders** — the NAHB. This means that you have three organizations that keep your success top of mind and are always quick to support your business and defend it from harmful regulatory and legislative changes.

Give Back and feel good about doing it

The Home Builders Foundation (HBF) is the HBA's Charity of Choice, and their mission is "to build independence and provide opportunities to elevate lives for individuals and families with disabilities and our community." The HBF executes their mission through home modifications that allow safety and independence within their home, and also the ability to access our community.

Stay in the know through special publications

To help you stay on top of association and regulatory activities, the HBA also publishes a two e-newsletters: HBA Events & More Newsletter keeps you up to date with weekly HBA Events and other happenings and the Advocate is published periodically updating members on important Advocacy issues. As a member, you also have access to white papers, policy statements and technical guides that provide more information on specific topics.

HBA Events Newsletter

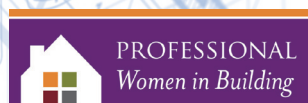

This Newsletter provides a snapshot of upcoming HBA-Sponsored events. HBA Events Newsletter is free and available to all HBA members.

BECOME AN INDUSTRY LEADER

When you serve on an HBA committee or council, you have the chance to grow your leadership skills. And because your local HBA membership also includes membership in the CAHB and the NAHB, there are plenty of additional opportunities to serve on statewide and national councils. Serving on councils and committees boosts your visibility within the industry and increases your awareness of how you are shaping the future of home building throughout the metro Denver area, Colorado and the United States.
