

Reflection

Directions: Write a reflection on the processes you went through on the Hand Tool Project. Successes, pitfalls, ultimate accomplishment, etc. "What I learned. . . what I liked . . . what I didn't like . . ." etc.

1. What I have learned from this project is.....

2. What more I would like to learn after this project is....

3. What I have learned that I should keep on doing, from this point on, to ensure an excellent outcome on other projects...
