Portland Made Lemonade is an educational initiative that introduces youth to entrepreneurship, teaching them how to start, own and operate their own business - a lemonade stand. The primary objective is to create business minded, community volunteers and forward-thinking young citizens to become the leaders of the future. The success of this event relies on our community coming together and train these young entrepreneurs. This program helps give real-world experience to our youth while having fun setting up their lemonade stand in Portland on Saturday, September 30, 2023.
