Deaths by Day

Florida Department of Health through September 30

FDOH Deaths by Day

An August 15th decision by the Florida Medical Examiner Commission determined that "treating physicians may certify COVID-19 deaths" so long as certain conditions are met. While this decision will expedite such process, it will result in the County's ME reporting and certifying a lower number of deaths. The information shown above is based on figures provided by the Florida Department of Health.
