

# Supporting Your Connectivity Needs With **No Installation Costs**

At Suddenlink Business we recognize the incredible efforts of Healthcare Professionals and First Responders. We thank you for the essential care you provide and for helping to keep our communities safe.

Our role as your telecom service provider, is to support the critical work you do with a network designed to meet growing demands and solutions to keep people connected no matter what.

To help ensure you have the level of services you need during this time, **we are waiving ALL installation costs for new customers as well as service upgrades.** Offer valid through 4/30/20.

We are committed to business continuity and delivering the network capacity and reliability needed in these times. To learn more about how we can help support your organization, call us today.

Thank you,  
The Suddenlink Business Team
