# LIFE TRANSITIONS

*Coverage for all stages  
of life*

- ***Medicare***

Becoming Medicare eligible raises several important questions. Our enrollment specialists are AHIP and product certified and can assist with Medicare Advantage, Medicare Supplements and Part D coverage.

- ***Dependent coverage***

The ACA requires health plans provide dependent coverage up to age 26. We can assist dependents turning 26 to find the best plan to fit their needs.

- ***Short-term coverage***

Employees who missed open enrollment or who are in a waiting period can secure short-term coverage. Plans are generally affordable and provide important protection for unexpected injuries and illness.

- ***Cobra alternatives***

COBRA-eligible individuals can often secure individual coverage that is less expensive than the group COBRA rate.

- ***Newborn coverage***

Depending on your family status, it may be more cost effective to secure individual coverage for your child rather than pay the higher family rate associated with your employer plan.

***Insurance is complex.*** Call today and talk with one of our licensed, certified enrollers at **913.222.5520.**
