

Table Rock Lake Chamber of Commerce Mission: To promote business success and quality of life by being a leader in economic and community development in the Table Rock Lake area.

The Ambassador Program

PURPOSE:

The Table Rock Lake Chamber of Commerce Ambassadors are dedicated to growing and promoting the Chamber through community involvement, program engagement, and the education of member benefits to potential, new, and current Chamber members.

Ambassadors are the frontline representatives for the Chamber and the community, and they are often called upon to help at Chamber events. By setting an example for active membership, Ambassadors influence current Chamber members to participate and engage in Chamber programs and events. By promoting Chamber programs and initiatives, Ambassadors can help grow the membership and encourage new member involvement. For new members especially, Ambassadors are some of the first Chamber representatives they meet! Being an Ambassador is an important role because they help ensure that members, whether they are new, current or long-standing, maximize their Chamber memberships and feel connected to the Chamber and the community.

BENEFITS OF BEING AN AMBASSADOR:

The Ambassador Program is only successful when it works for both you and the Chamber! Program participation will look different for each Ambassador, including how Chamber staff can best assist you professionally.
